

Italian Communists Reject Kremlin's Monopoly

PARIS (AP) — The Italian Communist party's stinging slap at Moscow is another link in a chain of evidence suggesting that the Kremlin is feeling the delayed impact of the Khrushchev era and probably paying for its efforts to reverse it. Meeting in Bologna, the West's biggest Communist party emphatically challenged Moscow's renewed claim to a monopoly of authority over the in-

ternational Communist movement. The Bologna rebellion threw the so-called Brezhnev Doctrine back into the teeth of the Soviet party's general secretary, Leonid I. Brezhnev. It could conceivably be a severely damaging blow to his prestige abroad and to his position at home. What is going on now was begun by Nikita S. Khrushchev as far back as 1955, when he prom-

ised Marshal Tito of Yugoslavia that the Kremlin would honor Yugoslavia's right to develop Communism in its own way. That, along with Khrushchev's 1956 speech dethroning the dead Stalin from his demigod status, began a process which Khrushchev's successors have been unable to halt. Recently President Tito met with Nicolae Ceausescu, the Communist chief of Romania,

whose party also has been asserting its right to develop internally as it wants. The two mavericks disputed Moscow's right to occupy and dictate to Czechoslovakia. Now the Italian party has denounced the Soviet occupation of Czechoslovakia to wild applause of its congress delegates, causing Soviet observers to walk out. This should stiffen the resolve

of the Yugoslavs and Romanians. It can also have strong repercussions in Czechoslovakia, whose Communist regime already is having considerable trouble convincing the country to toe the Soviet line. The Italian party's stand is likely to find an echo in a score of other parties at a most awkward time for Moscow. The Soviet party is trying to arrange an international Communist meeting for May to demonstrate

that the movement is united and listens to Moscow. All this can lead to a quarrel among the Soviet leadership regarding who is to blame. The blame could easily fall on Brezhnev. Brezhnev issued his "doctrine" on Sept. 26, holding that Communists must regard international and national law as "subordinate to the laws of class struggle and social devel-

opment." Communist-ruled states, it held, have only limited sovereignty which ends when Moscow decides any internal development threatens party authority. The Romanians and Yugoslavs, and now the Italians, reject this. Other parties find it embarrassing, since it asserts in effect that any country ruled by Communists must be a Soviet satellite.

Fifty Monster Rockets Found Outside Saigon

SAIGON (AP) — Fifty monster rockets that one American adviser said could "raise hell" in Saigon have been found only one day's travel from the capital. They were part of one of the biggest enemy rocket stockpiles uncovered in the war. A South Vietnamese spokesman said it was the first capture of 240mm rockets, warheads of which are twice the size and nearly seven times as powerful as the Russian 122mm and Chinese 107mm missiles regularly used by the Viet Cong and North Vietnamese.

"It's not anything like we've seen before," said an American officer. "Someone fabricated this, and it is not a mass produced item like you'd find in a Moscow parade." Military spokesmen said the warheads probably had been improvised at arms factories in Cambodia and were hauled into South Vietnam on bicycles. Seventy bicycles were found with the rockets.

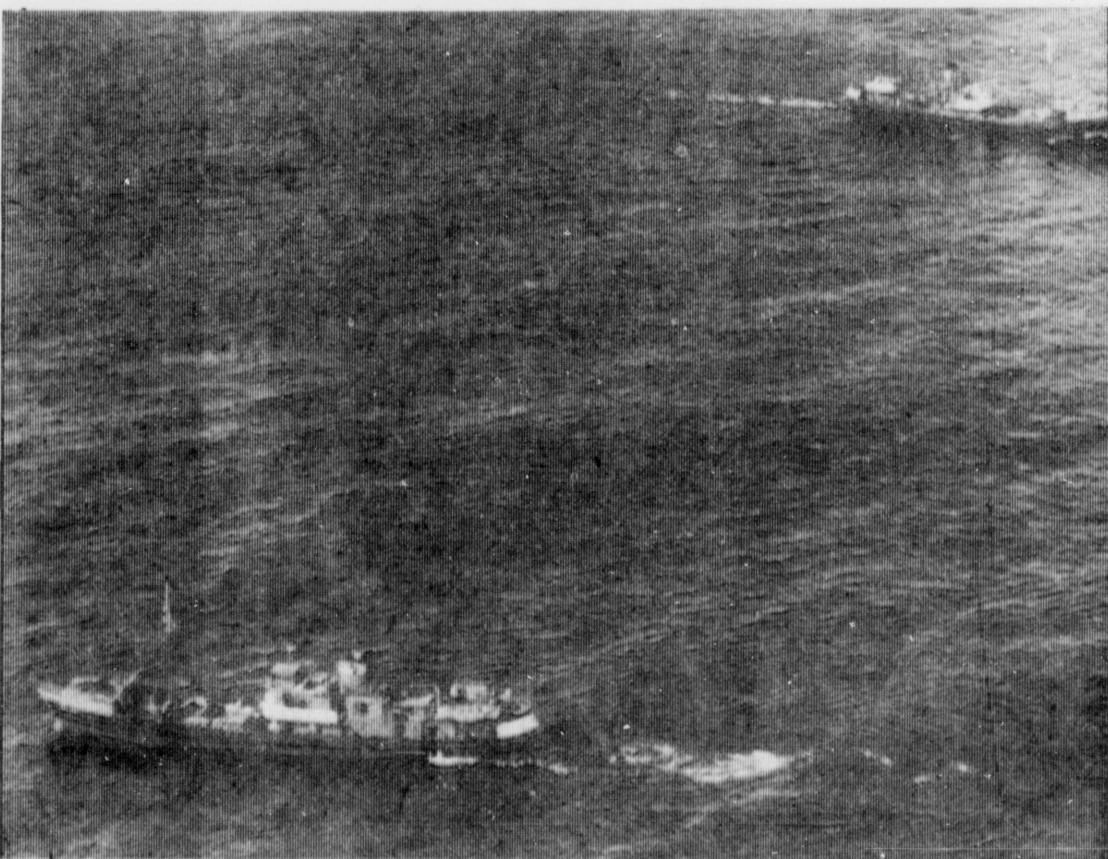

They speculated the big rockets were to be fired from crude launchers that would limit them to a range of one to four miles. The 122mm rockets have a range of seven miles. The spokesmen said the 240mm warheads could carry 100 pounds of explosives, compared to 14½ pounds in the 122mm rockets. Thus the 50 rockets had a total punch of 5,000 pounds of explosives, or one-twelfth of the average bomb load of a U.S. B52 bomber. South Vietnamese marines found the new type rockets in a 30-ton munitions cache in 34 man-made caves in War Zone C, 60 miles north of Saigon and 18 miles from the Cambodian border.

A South Vietnamese spokesman said the find definitely helped to "neutralize the enemy's offensive capability" for an attack on Saigon during the holiday season before and after the lunar new year on Feb. 17.

Snowmobile In Fatal Mishap

By The Associated Press Snowmobiles, the latest fashion in winter travel and recreation also are demonstrating a potential for fatal mishaps. The collision with an automobile over the weekend in Ogemaw County claimed the life of a 58-year-old snowmobile rider, Gertrude Hecklin of Dearborn. The weekend traffic death count showed a total of 15 persons killed. The Associated Press poll began at 6 p.m. Friday and continued through midnight Sunday.

Other victims included: Paul Artress, 25, of Flint, killed when his motorcycle struck a car in Genesee County's Atlan Township Sunday. Danny Stanley, seven of Clio, killed when struck by a car in Vienna Township near Flint. Shelly Jones, 19, of Detroit, and Mabel Larkin, 66 of Mio, fatally injured in a head-on collision late Saturday on southbound I 7 south of M 84 in Bay County. Other victims included: George A. Nelson, 77, of Flint, in a two-car crash Saturday in Genesee County's Mundy Township. John Bailey, 26 of Weberville, in a two-car crash Saturday night in Ingham County's Le Roy Township. Denver Townsend, 29, of Carleton, and Mary Ethel Lake, 44 of Flat Rock, in a two-car crash in Trenton. Arlette Harris, 18, of Morrice, a passenger in a car which ran off the road Saturday night in Shiawassee County, south of M 78. John Hooper, 24, and his wife, Cynthia, 23 of Middleville, in a two-car collision Friday night on M 37, two miles north of Middleville in Barry County.

THESE SOVIET-BLOC trawlers are part of 60-vessel fleet which steamed off the Virginia coast Saturday. At least 20 of the trawlers violated the U.S. 12-mile fishing boundary and received a stern warning from the Coast Guard to stay in international waters. (AP Wirephoto)

Soviet-Bloc Trawlers Fish Near Rocket Center

PORTSMOUTH, Va. (AP) — Nearly 100 Soviet-bloc trawlers dragged their nets off the Virginia coast today, some less than 20 miles from the Wallops Island rocket center where a routine meteorological launch was planned tonight. Worsening weather raised the prospect of problems, however, for both the launch and the

trawlers, which during the night rode 10-foot seas and 40-mile-an-hour winds under the watch of two Coast Guard cutters. Most of the fleet was amid schools of cod and sea bass from 25 to 45 miles off the entrance to Hampton Roads, one of the largest naval installations on the East Coast. The remainder, nine trawlers

and the 600-foot factory ship Pomorze, were 60 miles to the north, 18 miles off Wallops and just south of the Maryland line. Violate Zone It was off Wallops and neighboring Chincoteague Islands that the trawlers first appeared last Thursday, growing first to a dozen, then to 50 or more by the weekend. Coast Guard spotters, airborne on Saturday, said 20 of the vessels approached within 10 miles of Wallops, violating the 12-mile coastal fishing zone claimed by the United States.

N.Y. City Calls Snow Emergency

NEW YORK (AP) — A coastal storm left up to 16 inches of wind-whipped snow in the Middle Atlantic states and sections of New England today, playing havoc with air and ground transportation. New York City declared a snow emergency. Atlantic Ocean off Nantucket, Mass.

Originating on the Virginia Capes Saturday night, the storm left some five inches of snow in parts of Virginia, western and central Maryland and suburbs of Washington as it whirled northward. It slammed into the New York-New Jersey area with winds up to 45 miles per hour, then pushed into New England, hitting all but northern New Hampshire and Vermont. Sixteen inches of snow fell at Scituate, R.I., near Providence. Upstate New York missed the brunt of the heavy fall but for the first time in its history the New York State Thruway was shut down from Albany south to New York City, 148 miles. At Tarrytown, N.Y., about 35

miles north of Manhattan, more than 1,000 cars were stranded early today on the six-lane Tappan Zee bridge spanning the Hudson River. Motorists were asked to leave their vehicles and take shelter in a police building. New York City streets were a white wasteland, with only snow plows, a few vehicles and wind-buffed pedestrians moving about amid stranded cars. Drifts of more than six feet were reported in the metropolitan area and suburbs. A 6,000-man sanitation force worked through the night to clear some streets. All public and parochial schools and most private and city colleges closed for today. Many school closings were announced for northern New Jersey. Kennedy, LaGuardia and Newark airports shut down. Kennedy was tentatively closed until Tuesday morning, LaGuardia hoped to resume service this

Big Jet Airliner Passes 1st Test

Pilot Of Craft Says 'It Flies Like An Arrow'

EVERETT, Wash. (AP) — The huge Boeing 747 jet airliner designed to carry up to 490 passengers flew for the first time Sunday and but for a single flaw its pilot called the test trip "absolutely ideal."

"It's a pilot's dream...it flies like an arrow," declared pilot Jack Waddell, 45, as he stepped from the cockpit of the \$20 million, 355-ton prototype of the new fleet of superjets. The flaw—an improperly aligned wing flap—forced the jet to return to Paine Field here after 1 hour, 15 minutes of a scheduled 2½-hour flight. The trouble was discovered 34 minutes into the flight.

The faulty flap—termed later by Waddell as a "minor discrepancy"—was discovered by Flight Engineer Jess Wallick at about the same time Waddell radioed feeling "a bump" during tests of the wing control system.

The 747 is about 2½ times larger than the biggest jetliners now in service, capable of flying 6,000 miles nonstop at a cruising speed of 625 miles per hour. Its dimensions are massive—tipped on end it equals a 20-story building—and its four giant jet engines are amazingly quiet and smoke-free.

As Waddell applied conservative throttle, the jet appeared to lumber painfully along the runway looking deceptively slow for its takeoff speed of 196 m.p.h.

On takeoff and landing it appeared to hover gracefully like a kite rather than streak through the air as do its Boeing predecessors, the 707 and 727. "If future flights are like this one," Waddell quipped at a news conference, "it really won't be much of a challenge."

Blind Thieves

VAN NUYS, Calif. (AP) — With crowbars and chisels burglars attacked a safe in Brenning Materials Co. Finally, it broke open and revealed only business records inside. On the door of the safe all along was printed the lock combination. The burglars looted a chewing gum machine of 50 pennies, police said Sunday.

Parsons Is Treating Sirhan As 'Sick Man'

LOS ANGELES (AP) — "We've got a sick man there," veteran criminal attorney Russell E. Parsons said of his client, Sirhan Bishara Sirhan. "I treat him as such." An observer hardly would guess the gaunt young Jordanian is on trial for his life. In court, charged with murdering Sen. Robert F. Kennedy, he often smiles as though delighted with some private joke. His darting brown eyes appraise miniskirted newsmen and other courtroom visitors. To a defense investigator visiting his cell he expressed the wish that a particularly striking blonde reporter would smile at him amid "all those deadpan faces."

The trial enters its fifth week today. Selection of six alternate jurors is expected to be completed, followed by opening arguments and launching of the prosecution's case.

Smiles At Sketches Sirhan smiled at a courtroom artist's sketches of him, relayed through the investigator. During a recess he whistled as he entered a security room adjoining the court.

At the moment that a prosecutor was asking a prospective alternate juror if he could vote "death in the gas chamber," Sirhan was smiling and whispering eagerly into Parsons' ear.

"Down" periods come when he sits quietly and listens solemn-faced to the drone of questions from judge and attorneys to prospective alternate jurors. Said his brother Munir, 21, "He's anxious to get rolling"—that is, for testimony to start. Said his tiny mother Mary, 55, "Sometimes he is depressed, sometimes not, just as any other man would be."

Family Visits Once a week or oftener, family members and Parsons visit Sirhan in his heavily guarded cell five floors above the eighth-floor courtroom in the hall of justice.

Defense questions of jury candidates have made clear that the defense will be diminished capacity. The contention is that a man can be sane yet, because

of the state of his mind, have diminished responsibility for a violent act.

The defense admits Sirhan fired the pistol shots that felled Kennedy early last June 5 at the Ambassador Hotel during celebration of his victory in California's Democratic presidential primary. The issue will be Sirhan's state of mind at the time. Psychiatrists and psychologists will be called.

New Satellite Has Combat Use

CAPE KENNEDY, Fla. (AP) — The most powerful communications spacecraft yet developed by the Western world hovered high over the Pacific Ocean today, the herald for a new era when small combat units on front lines can speed messages via satellite.

The \$30 million experimental craft, called TACCOMSAT for Tactical Communications Satellite, might be used by U.S. forces in Southeast Asia if it passes a test program expected to take several months.

The 1,600-pound payload rocketed atop a powerful Titan 3C rocket Sunday into a spot 22,300 miles over the equator off the west coast of South America. At that altitude, the satellite's orbital speed matches earth's rotation to keep the payload in a seemingly stationary position over the Galapagos Islands.

With a cluster of antennae sticking out the top of a soup-can-shaped body, the two-story-tall spacecraft was designed to test the feasibility of using satellites so mobile military units can communicate over great distances.

Its size permits enough power for ground forces to use portable, lightweight receiving antennae as small as one foot in diameter. This would allow rear headquarters to warn front line troops, for example, and small patrol boats to contact a shore base over long distances.

Hickel In Fire With Naming Of 'Oil Specialist'

WASHINGTON (AP) — Secretary of Interior Walter J. Hickel, less than three weeks into his new job, is under fire again from Capitol Hill, this time for naming an ex-lobbyist to an undefined but high-level department post.

The appointee is James G. Watt, who registered as a lobbyist for the U.S. Chamber of Commerce in 1967 and fought against stricter federal control over conservation measures in water pollution and reclamation of strip-mined land as a spokesman for business and industry last year.

One Interior Department official said Watt was "some sort of consultant or special assistant or something." A spokesman for the Chamber of Commerce said Watt would hold the title of deputy undersecretary but the Interior Department would neither confirm or deny it.

The Oil and Gas Journal described Watt as Hickel's "eyes and ears on oil." Oil Daily called him an "oil specialist" for the Interior Department. Watt could not be reached, despite repeated calls.

Watt's job, whatever it is, rekindled smoldering Capitol Hill doubts about the conservation views of the newly-appointed official at Interior, Hickel included. As a consultant or special assistant, Watt would not be subject to Senate confirmation.

Sen. William Proxmire, D-Wis., a leader in the unsuccessful fight against Hickel's confirmation by the Senate, wrote Hickel over the weekend protesting the appointment of Watt. "Although I realize that you are entitled to hire those whom you wish to work on your staff," Proxmire wrote, "I think the appointment of a man who is so identified with the private interests can only create a credibility gap between your statements of concern for the public interest... and your actions as secretary of the interior..."

Nixon Extends Florida Trip

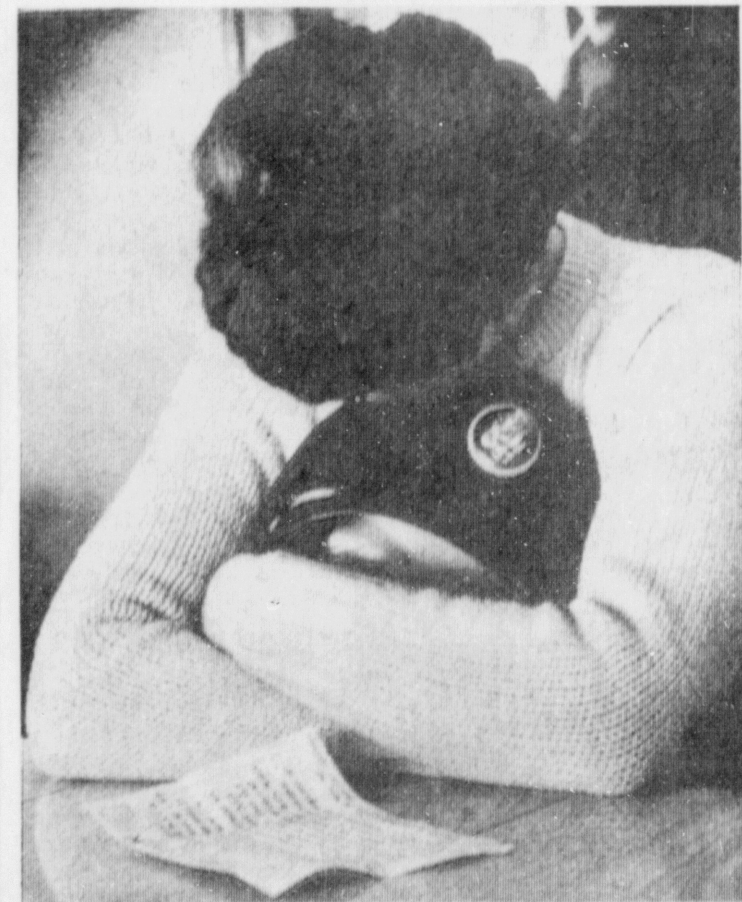

MIAMI, Fla. (AP) — Cheered by cloudless skies, President Nixon extended until late today a Florida weekend mixing foreign policy talks with relaxation.

Nixon seemed sure to return to Washington Sunday when the day dawned foggy and drizzly. But the overcast moved away and better weather prompted the chief executive to take advantage of the congressional recess and remain an extra day.

The Florida White House said that in Nixon's absence, Vice President Spiro T. Agnew would preside over a meeting today of the Urban Affairs Council. Gov. Nelson Rockefeller of New York was to outline his suggestions for an overhaul in parceling federal aid to the states. Nixon Press Secretary Ronald L. Ziegler said the President and Rockefeller discussed the proposals earlier.

Huddling intermittently with Nixon in nearby Key Biscayne were his two principal foreign policy aides, Secretary of State William P. Rogers and National Security Affairs Adviser Henry A. Kissinger. Both will accompany him on his five-nation tour of Europe that begins Feb. 23. While here, they held a series of conferences, the latest Sunday afternoon. C. G. "Bebe" Rebozo, Nixon's Key Biscayne neighbor and longtime friend, sat in at a couple of the sessions. Ziegler said that, to his knowledge, Rebozo will not make the European trip. Rebozo is a millionaire banker and entrepreneur in the Miami area.

Today's Chuckle Sleeping outdoors will cure insomnia. So will sleeping indoors.

CHEREE YARGER POFF, 18, clutches hat of husband, Pfc. John R. Poff, 18, after reading Pentagon telegram informing her he had died of wounds Feb. 3 received when a booby trap exploded in Vietnam. Prisoner Exchange Secret Talks Topic

PARIS (AP) — Exchanges of prisoners is considered the most likely subject to be taken up first at secret negotiations behind the scenes at the Vietnam peace talks if and when they take place.

Holding Hundreds A flock of unconfirmed rumors have suggested for the past week that such secret talks already have started. The weekly conference sessions are deadlocked because Hanoi and the Viet Cong want to talk about the political future of South Vietnam while the United States and Saigon insist on discussing military de-escalation measures.

Prisoner exchange is one subject which Western observers think could be taken up in private without either side compromising its position on how the

conference should proceed. The North Vietnamese are holding several hundred American airmen, and the Viet Cong is believed to hold a few dozen Americans in jungle prison camps. The Saigon government holds thousands of North Vietnamese regulars and Viet Cong "suspects," including all captured by the Americans.

North Vietnam has consistently refused to provide a list of the American prisoners it holds, as required by the Geneva conventions, or to allow Red Cross inspection of its prison camps.

The American negotiators in Paris want very much to talk to the North Vietnamese about these prisoners—to obtain names, to arrange shipments of mail and food parcels and final-

ly to negotiate the prisoners' release.

No Direct Exchange Arranging an exchange will be complicated by the fact that all the prisoners on the allied side are in South Vietnamese hands, while Hanoi has very few South Vietnamese prisoners. This rules out any direct prisoner exchange between the United States and North Vietnam, particularly as Hanoi has never acknowledged that its troops are fighting in South Vietnam.

To negotiate openly about prisoners thus would constitute a significant admission by Hanoi. For this reason the North Vietnamese might be willing to take up the subject only in strictly secret contacts with the United States.

Adult Classes Start Tonight

Registration for five classes being offered by the Escanaba Area Adult Evening School can be completed today by calling 786-4468 or by attending the class session tonight.

The five classes offered are: Beginning Knitting, Advanced Knitting, beginning Bridge, Sewing and Sculpturing.

All of the classes will meet tonight except knitting, which will be held at the home of the instructor, Mrs. Ralph Anderson, 528 S. 9th St., any afternoon or evening except Monday. Persons knitting will be informed when they are to attend classes at the time of their enrollment.

Sewing meets in room A214 and the bridge group will use room A215 at the Area High School. The sculpturing class will meet at the Junior High in room 151.

The Adult Evening School program is a self-supporting program offered by the Escanaba Area Board of Education and course fees are charged to defray the cost of instructor's salaries.

Additional information about the program is available by calling 786-4468.

Pick NMU For College Bowl

MARQUETTE — Northern Michigan University has been selected to participate in the nationally televised College Bowl on June 8.

The university is screening and evaluating students to identify the best possible representatives. A team of four undergraduates will be picked to represent Northern in the weekly Sunday afternoon program sponsored by the General Electric Co. Fifteen NMU faculty members will help prepare the students.

Students interested in trying out for the team should be "competitive, enjoy mental games, have recall ability and be able to respond quickly," said Dr. James Rasmussen, who is coordinating the NMU talent search.

Rasmussen also said the students must have specific knowledge in one of several areas and general knowledge in others. The specific areas include ancient and modern European history, American history, English, European and American literature, music, art, philosophy, current affairs, languages and science.

Skate, Ski Boot Market To Close

The used skate and ski boot market at the Catherine Bonifas Civic Center will close this week, it was announced by the recreation department today.

Patrons are asked to pick up their unsold skates and ski boots and to claim the money for articles sold by Saturday.

The market will be open Monday, Tuesday, Thursday and Friday from 7 to 9 p.m. and Saturday from 2 to 4 p.m.

Ralph Huhtala Wins Promotion

B. W. Reeve, president of Lake Shore, Inc., today announced the promotion of Ralph Huhtala to the position of manager of advertising and public relations for the company. In this new capacity, Huhtala will be responsible for the company's advertising program and will direct other public relations and sales promotion activities in the company's Michigan, Minnesota, and Arizona operations. He will also coordinate advertising and sales promotion activities with Lake Shore's Canadian subsidiary, Affiliated Engineering Equipment, Ltd. at Montreal and Toronto.

Huhtala joined Lake Shore, Inc., in 1954 as manager of personnel and public relations and will continue to serve as consultant in recruitment, industrial relations, and employee benefit programs to Jay F. Dishnow, who recently joined Lake Shore as personnel assistant.

A native of Ishpeming, he completed his high school there and attended Michigan Tech and the University of Arkansas. He served as a pilot in the U.S. Army-Air Force in World War II and has been active in civic and public affairs, participating in many major fund drives for charitable, health, and educational purposes in

Ralph Huhtala

Lake Shore's operating area and is presently a member of the executive committee of Michigan United Fund.

He served six years as director and vice president of the Michigan State Chamber of Commerce and now serves as chairman of that organization's Public Affairs Committee. He was a member of Michigan's first Legislative Apportionment Commission and is serving on the newly established State Officer's Compensation Commission.

Lake Shore, Inc. was founded at Marquette in 1858 and is among the nation's leading manufacturers of mining and marine deck machinery with its manufacturing operations in Michigan. The company also distributes products manufactured by others in Michigan, Minnesota, Arizona, and Canada as its service and distribution centers in Negaunee, Hibbing, Phoenix and Tucson, and Montreal and Toronto.

Ruppe To Meet With Citizens

Citizens of the Delta County area are invited to meet with Congressman Philip Ruppe at the Post Office building in Escanaba from 2 to 4 p.m. Wednesday, Feb. 12, on questions relating to federal issues.

Ruppe will come here from Menominee after a tour of the western section of the Upper Peninsula to meet constituents during the legislative break that accompanies the observance of Lincoln's birthday anniversary.

He will be in Menominee on Wednesday morning to address a high school assembly at 9 a.m. and will then come to Escanaba. His tour will include eight western U.P. counties.

Of particular interest in Menominee is the time question. The City of Menominee seeks to stay on the same time as Wisconsin, while the county prefers to be on Eastern Standard Time the year around, a return to the time that prevailed for many years throughout the U.P.

Ruppe's office reports that the response has been overwhelmingly in favor of the return to EST as he is proposing.

Mishaps Result In Minor Injuries To Two Persons

Two persons were injured, neither seriously, in two of four traffic accidents investigated Sunday by State Police of the Gladstone Post.

Troopers said Irene Swanson, 62, of 517 Montana Ave., Gladstone, a passenger in a car driven by her husband, Archie, 65, was slightly injured when their car was involved in an accident on U.S. 2 and 41 at the intersection with County Road I-18 in Masonville Township about 5:50 p.m.

Officers said Everett Johnson, 56, Rapid River, pulled his car into the path of the Swanson car, which was southbound on U.S. 41. Johnson was ticketed for failure to yield the right of way.

Kenneth Johnson, 25, Rapid River, also was slightly injured and ticketed for violation of the basic speed law after his car struck the rear of a car driven by Dale Gilson, 36, Rapid River. The accident happened on County Rd. I-24 about 10:25 p.m., troopers said.

In the other mishaps, cars driven by two 16-year-old boys from Gladstone collided on a sharp curve on County Rd. 446 (the ski hill road) about 4:50 p.m., and Vernon King, 18, of 600 S. 13th St., Escanaba, was ticketed for no operator's license after his car ran up on a snowbank in Wells and tipped on its side, troopers reported.

Chapel Contains Own Rathskeller

CLEVELAND, Ohio (AP) — A new chapel planned by John Carroll University will have a rathskeller in the basement. University officials said the unusual arrangement came about through allocation of space in the old business school building.

A spokesman said the chapel and rathskeller will have separate entrances.

During 1965, Norway's population of 3.7 million was almost matched by its 3.5 million foreign visitors.

Death Claims Mrs. Anderson

Mrs. William E. (Rena) Anderson, 63, of 1509 2nd Ave. S. died at 11:55 a.m. Sunday at St. Francis Hospital where she had been a patient for four weeks.

She was born Nov. 6, 1905 in Coffey County, Kan. and had resided in Escanaba for the past 20 years. Mrs. Anderson was a member of Bethany Lutheran Church, the LCW, Delta County Historical Society and the Pine Forest Club.

She is survived by her husband, Attorney William E. Anderson; one son, Lee of Gladstone; a daughter, Mrs. Norbert (Gail) Deloria of Gladstone, six grandchildren; two sisters, Mrs. Robert (Florence) Keast of Lansing and Mrs. Arthur (Laura) Anderson of Menominee and one brother, Joseph, of Green Bay.

Friends may call at the Anderson Funeral Home from 4 to 9 p.m. Tuesday and complete funeral services will be conducted at 11 a.m. Wednesday at the funeral home with the Rev. Erland Carlson officiating. Burial will be in Lakeview Cemetery.

Vulgar Material Bans 'Turn On'

NEW YORK (AP) — The American Broadcasting Co. says it has told the sponsor of "Turn-On," a comedy show that premiered last Wednesday, that the show is unacceptable to the network because of alleged vulgar material.

An ABC spokesman said Sunday the half-hour program, which featured spoofs on personalities, contemporary mores and sex, has been canceled by some stations which deemed it objectionable.

Several ABC affiliates canceled the show before it was shown in their areas. Others who aired the premiere then announced they would not show it again.

The thick ice overburden has depressed the ground surface to 1,200 feet below level in the center of Greenland.

Upper Lakes Group Funds Sought Here

The Michigan Advisory Task Force of the Upper Great Lakes Regional Commission has asked Governor Milliken to urge Governor Knowles of Wisconsin and Governor Levander of Minnesota to appoint similar task forces in their states.

The action was taken in the recent meeting of the Michigan Task Force in Traverse City, when the group also authorized an executive committee and a chairman pro tem and reviewed the developing program of economic stimulation of the Regional Commission in northern Michigan, Wisconsin and Minnesota.

The need for advisory task forces in the other two states if the Michigan force is to be effective has been felt for some time, as there is no similar agency to confer with in the other states and projects must have regional significance for acceptance.

\$2.7 Million

There is maneuvering now at the Task Force level and in the three states' economic development establishments for shares of the \$2,770,000 to be distributed by the Upper Great Lakes Regional Commission to projects in the region in March.

Roger Rehberg of the Michigan Department of Commerce, which does the staff work for the Michigan Task Force and the governor's office on UPLRC projects, said that there had been 19 project applications up to the time of the Traverse City meeting for supplemental grants from the UPLRC.

These included a request from Bay de Noc Community College of Escanaba for a grant of \$60,000 for its campus building program, to provide 14.3 per cent of the cost of the first building, a technical and science laboratory.

\$100 Million

An Early Action Program totaling \$23.1 million has been submitted by the Upper Great Lakes Regional Commission to the U.S. Secretary of Commerce as part of a \$100 million request from the five regional development commissions throughout the United States for financing by Congress.

Herbert DeJonge, director of the Michigan Department of Commerce, said that the \$23.1 million for the UGLRC would be divided for the fiscal year 1970 in the following manner:

Lake and scenic resources development, \$8.3 million; to provide for national parks, lakeshore and river networks; \$4.8 million; Great Lakes anadrom-

ous and fisheries restoration, \$2.5 million; and environmental improvement, \$1 million.

Vo Ed Program

Business and industrial development, \$14.7 million; industrial development, \$2 million; regional manpower training and vocational education, \$6 million; transportation development, \$3.3 million; resource investigations and agricultural development, \$1.9 million and program formulation \$1.5 million.

John Kavanagh of the Michigan Department of Commerce said that technical assistance proposals that have been made or which are being made to the Upper Great Lakes Regional Commission for federal aid include: lake renewal, timber industry development, Great Lakes research, a Great Lakes Maritime Academy, economic studies, forestry cooperatives, wild rice development, tourist business management education (Wisconsin), small craft harbors, educational awareness seminar, custom pelletizing plant, state-initiated projects for regional development, peat industry and an iron and steel marketing study.

Timber Project

Suggestions for projects will be welcomed by the Task Force, said Kavanagh.

Edward Locke, Marquette, manager of the Great Lakes Timber, Inc., told the evaluation board and Task Force that his organization's timber demonstration project is well underway and already in the process of demonstrating various methods of timber harvesting. It is also in the process of developing a safety program aimed at reducing workmen's compensation rates for the Michigan logging industry.

Selling To Minor Brings \$200 Fine

James F. Jacobs of Jim's Miracle Market, 201 N. 12th St., Escanaba, has been ordered by the Michigan Liquor Control Commission to pay a fine of \$200 and had his SDM license suspended for seven days for selling to a minor, the Commission announced today.

The suspension is to take effect beginning March 4. The offense occurred Nov. 22, 1968.

Northern Michigan University, Bay de Noc Community College and the Delta-Schoolcraft Intermediate School District have scheduled two courses for Escanaba area teachers during the 1969 Spring Semester: SO 482 Minority Groups and ED 501 American Education in Historical Perspective.

Carl Akeley, the American explorer, is buried on Mt. Milkeno in Africa.

JAMES ORR, 1117 Lake Shore Drive, Escanaba, left, discussing the events of the winter state board meeting of 4,000 Michigan Jaycees with State Jaycee President Bob Padgett in Detroit Feb. 7. Inner City parks, Christmas parties for orphans, package for soldiers in Vietnam and soap box derbies are a few of their activities.

Vandalism And Thefts Reported To City Police

Escanaba police are investigating complaints of window breaking and thefts received over the weekend. Five windows at Holy Name High School and a window at the Sav-Mor Market were broken.

Police said that Mrs. John Hjort, 204 N. 20th St., and Mrs. Don Mayville, 919 7th Ave. S., reported that money had been stolen from their son's wallets while the boys played basketball at St. Joseph's gymnasium Sunday afternoon.

James Hjort lost \$9 and Donald \$5, police were told. The boys are 13 years old.

Delta Asked To Increase Giving To Xmas Seals

Christmas Seal campaign contributions in Delta County have reached \$5,553 reports the Michigan Tuberculosis and Respiratory Disease Association. This is an increase over last year's total of \$5,017 reported at the same time.

Dr. James R. Acocks, member of the board of trustees for the MTRDA, said late contributions are needed to enable the association to continue its efforts against emphysema, tuberculosis, asthma and other respiratory diseases. He said statewide contributions to date total \$1.5 million, an increase of \$67,810 over the same period at this time last year, but below anticipated needs.

Residents of Delta County who have not answered their Christmas Seal appeal letter are asked to do so now.

Credit Report Reform Sought

Congressman Phil Ruppe has joined in a bi-partisan effort to protect consumers against arbitrary and erroneous credit reports. Ruppe and Congressman Clement Zablocki have co-sponsored legislation, the Fair Credit Reporting Act, which would establish "due process" in the credit rating and reporting business by allowing the individual to see a report prepared on himself by a credit reporting agency, and to correct any erroneous information in the report.

It would also require credit reporting agencies to keep reports confidential and to respect an individual's right to privacy in the collection and reporting of information.

The bill requires that persons who have been denied a job, an insurance policy, or basic credit because of a credit report must be allowed to know which credit reporting agency was responsible, and what the report actually said.

The bill has been referred to the House Committee on Banking and Currency. Ruppe said he hopes to see legislative action on the bill completed in the current session of Congress.

Soviet Threat To Romania On ETV Friday

MARQUETTE—The possibility of Romania being invaded by the Soviet Union because of her trend toward economic independence is examined at 7 p.m. Friday when WNMN-TV presents "On a High Wire to Autonomy."

Other featured programs this week on Northern Michigan University's educational television station include:

A report on the westernization of American Samoa at 7:30 tonight.

A look at some of the great pioneers in experimental filmmaking, at 9:30 tonight.

The contemporary problems facing America's urban centers at 8 p.m. Tuesday.

Reflections by comedian Jack Benny on his childhood violin lessons, his vaudeville tours, and his successful career, at 8 p.m. Thursday.

"Talking to a Stranger: Anytime You're Ready I'll Sparkle," a quartet of dramas, at 9 p.m. Friday.

Obituary

MRS. FRANCES LACOUNT
Funeral services for Mrs. Frances LaCount will be held at 2 p.m. Tuesday at the Seventh Day Adventist Church in Wilson with Rev. Robert Chapman of Hinsdale, Ill., officiating. Burial will be in the church cemetery. Friends may call at the Boyle Funeral Chapel in Bark River after 3 p.m. today. The body will be taken to the church one hour before the services.

Cape Town, seat of Parliament, is the legislative capital and Pretoria is the administrative capital of the Republic of South Africa.

Haagensen Article In FBI's Journal

An article by Kenneth W. Haagensen, executive vice president of the Wisconsin State Chamber of Commerce, has been published in the current edition of the FBI Law Enforcement Bulletin. The publication is sent to law enforcement officers throughout the world. Haagensen's article, which was requested by the FBI, is entitled, "Are We Really Getting Through to People?" Haagensen spoke on the same subject to the Escanaba Chamber of Commerce dinner at the Dells Supper Club on Thursday.

New Way Found To Stop Hair Loss, Grow More Hair

HOUSTON, Texas — If you don't suffer from male pattern baldness, you can now stop your hair loss... and grow more hair.

For years "they said it couldn't be done." But now a firm of laboratory consultants has developed a treatment for both men and women, that is not only stopping hair loss... but is really growing hair!

They don't even ask you to take their word for it. If they believe that the treatment will help you, they invite you to try it for 32 days, at their risk, and see for yourself!

Naturally, they would not offer this no-risk trial unless the treatment worked. However, it is impossible to help everyone.

The great majority of cases of excessive hair fall and baldness are the beginning and more fully developed stages of male pattern baldness and cannot be helped.

Loesch Laboratory Consultants, Inc., will supply you with treatment for 32 days, at their risk, if they believe the treatment will help you. Just send them the information listed below. All inquiries are answered confidentially, by mail and without obligation. Adv.

NO OBLIGATION COUPON

A Troubled Dream

When the St. Lawrence seaway was opened in 1959 after so many decades of hope and discussion, the Great Lakes basin looked forward to competition with the seacoasts of the nation for foreign trade.

The dream has been realized in part, but only in part. The boldest, most optimistic forecasts of what the creation of "ocean ports" on the Great Lakes would do, have not been realized. And the seaway is in trouble.

The water route from the Atlantic into the Great Lakes via the St. Lawrence River has only extremely dim traffic growth possibilities, a study made by a Washington management firm has informed the U. S. Department of Transportation.

We'll be hearing reaction in Congress to the pessimistic report on the seaway and our Midwest congressmen whose districts stand to benefit from seaway success may question the accuracy of the forecast but we think they're in a box.

The Midwest will remember that in any seaway consideration the Atlantic Coast commercial interests will be trying to sabotage it and that they are entrenched in power. It is not a national project, but one, like the Tennessee Valley Authority, which benefits a region, in this case a huge region, the St. Lawrence River and Great Lakes basin.

Essentially, the seaway studies show that the present ship traffic isn't big enough to pay off the debts created in the construction of the seaway. A congressional task force studying the seaway problems had recommended a 20 per cent toll increase to pay off construction costs. It said a 40 per cent toll boost would be needed to pay off the \$146.7 million seaway debt by the year 2008, as the law requires. A 20 per cent increase would pay the operating costs and interest, but not the principal. Too much of a toll increase would shrink seaway traffic and defeat the effort to increase income and pay off the debt. Even a 10 per cent increase would hurt growth, Lakes States congressmen say.

And this is only one problem. Another of perhaps even greater size is that the seaway is obsolete already. Its 27 foot channel can accommodate only a fraction of the world's deep sea vessels and a seaway change to a 35 foot deep channel and ship locks 1,000 feet long are being proposed as necessities to make the seaway a fully useful ocean traffic route for modern shipping.

Participation by the United States in any further investment in the seaway as a means of making it profitable and more effective will be questioned because most of the benefit, the studies indicate, would go to Canada.

There would even be a loss created for our Lake States with mineral industries. The bigger ore carriers that could bring foreign ores in the deep channel and bigger locks to steel mills on the lakes would knock out the market for 5 million tons of iron ore from Upper Michigan and from Minnesota. That is almost the equivalent of a whole shipping season's traffic at Marquette or Escanaba.

This loss of market for Upper Great Lakes States ore to foreign producers would cost an estimated 900 United States jobs.

There'd be a benefit from the greater seaway for wheat traffic, but it would go mostly to Canada.

Other changes like "rent-a-train" services to Gulf and Atlantic ports, diversion of utility coal hauling from ships to trains and packaging of cargo for truck and rail haul to the coast are working against seaway traffic growth.

The great dream of the ocean washing the shores of Lake Michigan and Lake Superior is developing some twitches in actual trial. We urge our Lakes State congressmen to note the peril to our mineral industry in weighing the merits of seaway improvement.

Eaton's Cuba

Cyrus Eaton, Cleveland industrialist, gentleman farmer and unofficial U. S. ambassador of good will to the Communist world, has returned from a visit to Cuba full of praise for the island's leader.

"Cuba never had a real chance since Columbus discovered it until now," says Eaton. "Castro is dedicated to the country and the people. You can condemn him for other things, but not for that."

The same could never have been said about Fulgencio Batista, Cuba's previous dictator, who was dedicated to nothing but his self-aggrandizement.

Strangely, though, in the days of Batista, bad as they were, one never heard of people risking their lives in small boats just to escape from the island.

There was no such thing as a refugee airlift to Miami, with a waiting list of tens of thousands of Cubans hoping to get on it and willing to pay the price of leaving behind everything they own but the clothes on their backs.

Evidently they just don't understand what the dedicated Castro is trying to do for his country and his people. Perhaps Eaton can explain it to them.

Food Prices

Americans are expected to run up a \$106 billion food bill next year, according to Food Engineering magazine. This will be \$5 billion higher than 1968.

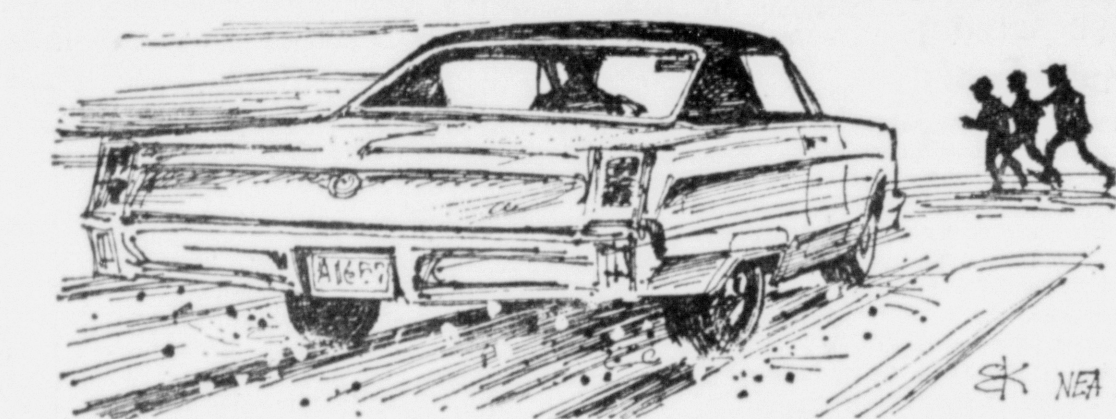

This figure, huge as it is, doesn't seem oversized. What the average housewife may find hard to swallow, however, is the claim that she will be spending less — proportionally — to set her family's table than she has in the past, despite a projected 3 per cent rise in food prices in 1969.

Yet it's true. Americans currently spend less than 18 per cent of their disposable income to eat. This is the lowest percentage ever, and much below that for other nations.

"Is This Where They Keep the Birds And the Bees, Dad?"

Panic Tests Flunked

By TOM TIEDE

DAYTONA BEACH, Fla.—(NEA)—Say you are driving your 1969 automobile at 65 miles per hour on a level highway. And suddenly, 200 feet ahead, a group of school children begins to cross your road.

Your eyes bulge, your hands strangle the steering wheel, your leg lifts from acceleration and your car crashes down on the brake pedal.

Can you stop in time?

Probably not. Unless you have room to swerve out of the way (thus creating other dangers), it will probably take you well over that 200 feet to stop your vehicle, possibly as much as twice the distance.

In recent tests at the Daytona International Speedway, the Union Oil Company tested the braking capabilities of 60 new automobiles. The cars were put through a series of controlled stops to induce brake heating similar to that of normal road traffic (250-350 degrees). Then each of the vehicles were "panic stopped" from exactly 65 m. p. h.

The results: The best stopping distance was 170.9 feet; the worst was 396 feet; the average for the whole motor pool was 211.

And the testing was done under clinical conditions seldom found on the average highway. The cars were show-room new; the road clean and dry; the drivers, all professional automobile men, knew exactly when their panic stops would begin.

In regular traffic the roads vary with the season and the maintenance crew. And a driver seldom knows when an emergency stop will be necessary.

Dick Dolan, director of the trials, says, "The average driver really faces many more problems than our testers. For one thing, it takes the average man some time to react after spotting trouble. Maybe one-half or three-quarters of a second. And at 65 miles per hour, this means he will travel 75 feet or more before he even begins to brake."

Dolan's conclusion is therefore grim. He feels the quickest most drivers can stop, in a straight line at 65 m. p. h., is the length of a football field.

And some drivers, he sighs, can hardly see that far.

Officials of the braking tests are quick to admit the stopping performances of the modern automobile are not what they should be.

They point out that, according to laws of physics, a car traveling at 65 m. p. h. could stop dead (if mechanisms allowed) in a brief 140 feet.

As it is, however, auto brake stoppage has not been getting closer to this ultimate over the years. Brakes have improved steadily, but cars have gotten bigger and faster. The result: Average stopping distance at this year's tests is almost exactly what it was five years ago.

And when speeds higher than 65 are considered, experts added, brake capabilities are even more dismal. At 80-90, says Dolan, a panic stop in a modern car will stretch out some 500 feet or more.

The blame for such a situation, says Dolan, "if it helps to blame," must be equally shared by the manufacturer and public consumer.

Some manufacturers, eye-balling profits, make inferior brakes. During last year's tests, one automobile's brake system completely exploded at a 65 p. h. stop. The manufacturer said it was a fluke and did nothing. This year the car returned, and the brakes exploded again.

But the automobile consumer is equally economy minded. Dolan says that better braking systems (metallic shoes, for instance) are now available on option, but since they cost more they are seldom purchased.

Adm. John Byng was the only British admiral ever executed for an error in judgment. In 1757, the naval court convicted him on the charge of not doing his utmost to relieve Ft. St. Philip in Minorca, threatened by the French.

DRUGS
In the editorial column you wrote about the government hearings and the Food and Drug Administration's stand against the vitamin pills and food supplements; the FDA maintaining that most people don't need vitamin or other food supplements.

Why don't they let people decide for themselves whether they want to take vitamins or not? My family takes vitamins and we have not had bad colds or flu in the three years we've been taking them.

The FDA speaks of well balanced meals. Have they ever considered the fact that many people (especially children) do not like some of the foods that would make up a well balanced diet? Have they ever considered the geographical problem concerning fresh fruits and vegetables; that they are not plentiful in certain areas of the country in the winter months? That in long transportation they lose some of their value?

When the Indians lived in this territory they lived on plenty of venison and wild game, a lot of fish, berries, and herbs with unpolluted water to drink.

Our diets have changed considerably today. Our supermarket shelves are well stocked, but it is becoming more and more difficult to buy foods that do not contain some sort of chemical. In fact, I read that our nation uses more chemicals in foods than any other country in the world.

As if this were not enough, they have added our already polluted waters a chemical to prevent tooth decay....

There is a health problem I do agree. Although some of our towns have not increased in population and we have more doctors now, why is the need for medical aid so much greater today? That is the question. Could we be fighting nature with too many chemicals?

Questions And Answers

Q—Who was the first Pope of the Roman Catholic Church?
A—Saint Peter, Prince of the Apostles.

Q—How many pelts are required to make one mink coat?
A—From 55 to 80 pelts.

Q—Which federal department has adopted a new emblem?
A—Department of the Treasury.

Q—What does a yellow flag indicate when flying on board ship?
A—The yellow flag is the quarantine flag of all nations.

Q—What is the meaning of the name Philip?
A—This Greek name means "lover of horses."

Q—What is the meaning of the name Philip?

A—This Greek name means "lover of horses."

Ann Landers

Students Didn't Like Buck Passing

Dear Ann Landers: May I ask the woman who complained about being married to a "dead battery" for 20 years if she believes batteries go dead all of a sudden or does someone turn off the switch?

How many married women are so "ladylike" that they wouldn't dream of letting their husbands know they are not only interested but eager? How many wives believe it is vulgar to be an active participant? And the sorriest ones of all are the passive numbers who are afraid to demonstrate any degree of expertise for fear their husbands will think they've been practicing.

Any woman who describes her husband as a dead battery must accept some responsibility for the loss of current. Please tell the girls there are two poles to every battery and both must function or the power goes off. — TOPEKA

Dear Topeka: You speak the truth, Lady —, and I assume you are a lady and not a gent. That bit about the expertise was the tipoff. I hope your letter helps to charge a few thousand batteries around the country.

Dear Ann Landers: We are a group of high school students who respect your opinion and want to know if we are wrong.

A member of our class died last week and we all felt very sad about it. A group of us went to the principal's office and asked to be excused from school an hour early to attend the funeral. The principal told us it was up to the Board of Education to grant such permission and that he had no such authority.

We called the Board of Education and spoke with the Superintendent of Schools. He told us the decision rests with the head of the administration of the school — in other words, the principal.

That same week several students were dismissed early to see a play downtown. It's a pretty rotten world when students can't leave school to attend funeral services for a friend, but can be excused to see a play.

What do you think of this, Ann Landers? — DISGRUNTLED STUDENTS

Dear Students: I'm shocked and suspicious. Your letter comes from Buffalo. When I visited Buffalo a few years ago I was impressed with not only the students but the faculty and administration of the high schools I visited. You do not say whether you went back to the principal and reported your conversation with the superintendent, nor do you say whether or not you finally attended the services.

Send me the name of your school and the principal. It will add credibility to your story.

Confidential to Quo Vadis: It's bad enough to allow a fool to kiss you, but you allowed a kiss to fool you. I admire your lofty standards, but please don't assume that everyone attaches that much importance to a kiss.

If you have trouble getting along with your parents... if you can't get them to let you live your own life, send for Ann Landers' booklet, "Bugged By Parents? How to Get More Freedom." Send 50 cents in coin with your request and a long, stamped, self-addressed envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

Oswald: "Back in 1934 I proposed the use of a three-card club suit as a utility bid with hands like today's South. Prior to that time a spade opening would have been automatic."

Jim: "A spade opening would produce a two-spade or one-trump response from North. South would be inclined to pass either bid. He would make either contract if he played the heart suit so as to pick up East's jack; otherwise he would be set."

Oswald: "Of course some people open one spade and rebid to two hearts over the no-trump response. That sequence would probably get a three- or four-heart bid by North."

Jim: "Yes, indeed. The club opening works out beautifully. South rebids to one heart over partner's one diamond. North raises to two hearts and South plays the hand there."

Oswald: "The play of the hand in hearts is instructive. South should not lead trumps. He could win the club lead or duck as a starter but the moment he obtained the lead it would be up to him to go after the diamond suit."

Jim: "A diamond lead from his own hand would be ducked by West and North's queen would be gobbled up by East's king. A second diamond lead from his hand would be won by West's ace and dummy's jack would become good."

Oswald: "South would surely make two hearts and would get an overtrick unless the defense was very good."

Jim: "Let's get back to the bidding for a moment. We have seen South rebid one heart. This is automatic in expert circles. The reason is that a one-spade bid may shut out the heart suit. A one-heart call brings in the heart suit and leaves spades available at the one level in case North has four cards in that suit."

Harlo's They'll Do It Every Time

Used Volkswagens Sold As New: Nader

WASHINGTON (AP) — Ralph Nader, persistent proponent of consumer causes, asked Saturday for Senate investigation of what he described as the widespread practice of selling used Volkswagen automobiles as new cars.

In a letter to Chairman Warren Magnuson, D-Wash., of the Senate Commerce Committee, Nader said these fraudulent op-

erations were well documented in a 1963-64 investigation by staff employees of the Federal Trade Commission but the findings were shelved at a higher staff level.

Because of continued complaints, Nader wrote, there have been renewed inquiries recently by the FTC staff and "It is now clear that the practice of selling used VWs as new VWs is still prevalent and still escaping action by the Federal Trade Commission."

Driven In Europe

He said VWs which have been driven in Europe are reconditioned overseas, usually in the Hamburg, Germany, area and then shipped to the United States where they are sold by unauthorized VW dealers who represent them as new.

Writing of the techniques used to perpetrate such fraud, Nader said the FTC staff investigators found: "Used VWs were sold under advertisements using such phrases:

A 'Fresh Shipment,' 'New Importations' and the like. Other techniques of deception involved near-zero speedometer readings on these used VWs, price labels resembling new-car labels, or false explanations about, for example, customer-observed rust being due to salt-water contact during overseas shipment. In most cases, the reconditioning achieved a high degree of superficial acceptability."

Nationwide

Nader wrote that these practices are being carried out on a nationwide basis and added:

"Some of these cases involved these used VWs breaking down on the highways, and accidents where serious injuries were incurred, according to the FTC investigation."

In asking Senate action, Nader wrote:

"Inasmuch as the commission over the years has proven itself incapable of self-correction self-adjustment and a vigorous pro-consumer posture, your committee may well see fit to inquire more deeply into this matter."

Auto Dealers Predict Record

HOUSTON, Tex. (AP) — A poll of the nation's automobile dealers predicts 1969 sales of domestic and foreign vehicles will reach 9.62 million units, slightly more than forecast by manufacturers.

The prediction would approach last year's volume. The 1968 total, not yet officially tabulated, is believed to be between 9.4 and 9.65 million domestic and foreign cars.

The poll of about 1,000 dealers by Universal C.I.T. Credit Corp. was announced Sunday at the 52nd Annual Convention of the National Automobile Dealers Association.

"The poll indicates that the men in daily contact with the buying public are more optimistic than they were at this time last year, when they estimated 1968 sales would total 8.8 million," said Henry C. Watkins, chairman of Universal C.I.T.

General Motors estimated this year's sales would be between 9.3 and 9.5 million; Chrysler estimated 9.5 million; Ford, 9.4 million, and American Motors 9.2 to 9.3 million.

Thirty-nine per cent of the dealers predicted foreign car sales this year to be about the same as 1968—some 1 million units.

Every true crab has a tail.

SPEC. 4 James Baczkowski, 21, of Denver, was a ski enthusiast before he went off to Vietnam. A Viet Cong suicide attack resulted in the loss of his leg. Baczkowski, along with other amputees from Fitzsimons Army Hospital in Denver spend a day a week on the ski slopes as part of their therapy. Baczkowski suffered his wounds in August last year. Book Truitt On Hijack Charge

PLATTSBURGH, N.Y. (AP) — The grandson of the late U.S. Vice President Alben Barkley is back in the United States to face charges of air piracy and kidnapping.

But Alben W. Truitt, 35, says he is guilty only of foolish conduct in events which led to him being charged with forcing the pilot of a chartered Cessna 177 to fly him from Key West, Fla., to Cuba last Oct. 23.

The FBI took Truitt into custody Saturday at the U.S.-Canadian border in nearby Champlain after he withdrew an appeal to an order deporting him from Canada.

Truitt, being held in lieu of \$100,000 bail, was to be arraigned here today.

Truitt was ordered held in Clinton County jail after a hearing Sunday before U.S. Commissioner Joseph W. Kelley was continued until today.

The indictment against Truitt was returned Feb. 6 by a grand jury in Miami, Fla.

Truitt has said he was held under house arrest in Havana following his flight there.

"I just confess I was terrified," he said in a recent interview. Anyone who makes unauthorized trips to Cuba "may wind up dead," he said.

Truitt said he is a journalist and went to Cuba to write a book.

Four Students Flunk Egg Drop

MEDFORD, Mass. (AP) — In an effort to determine the best shock resistant material for a lunar module craft landing on the moon, 16 Tufts University engineering students were assigned to an egg dropping project. Four of them flunked.

The students were asked to package an egg in a container packed with any shock-resistant material, then drop the container 43 feet from the top of a campus building without breaking the egg.

Some of the winners included an egg suspended in heavy motor oil, one packaged in popcorn and a third the centerpiece in a canister of gelatin.

Kill Young Man After Threats

BUCHANAN (AP)—An investigation continues today into the fatal shooting of a 20-year-old Buchanan man who police said was reported to have threatened his wife and her relatives.

Larry Fischer was shot Sunday by a neighbor who had been called to the scene by one of the relatives, Mrs. Perry Rider, police said.

Sheriff's Lt. Nigel Krickhahn said the investigation showed neighbor, Norman Louis Davidson, fired two warning shots and then a third and fatal blast when he thought Fischer was pointing something at him.

The lieutenant said a sheriff's car was called to the scene to investigate a reported house-breaking at the time and heard the shots.

He said that Fischer allegedly entered the Rider home in rural Buchanan and struck Rider, who is related to Fischer's wife. Rider reportedly was hit and kicked until he was unconscious.

Mrs. Rider then ran to the Davidson residence, woke up the man and said someone was killing her husband, the officer said.

Davidson loaded a 16 gauge shotgun and went over to the house.

The sheriff's officer said at the time, Mrs. Fischer ran screaming from the house with the baby in arms, with her husband running behind her and shouting.

Davidson fired two warning shots and Fischer retreated to the house. The lieutenant said the young man then left the house and in the darkness Davidson said he thought something was being pointed at him.

Davidson fired, striking Fischer in the head, reported Krickhahn. No weapon was found next to Fischer by deputies.

No charges have been filed. Deputies said the investigation was continuing.

For Retarded Child: Day Care Center Is Opened Today

A Day Care Center for retarded children, established through the Alger-Delta-Marquette Act 54 Program, opened today at the John F. Kennedy School in Escanaba.

Save Chemical Storage Tank In Chrysler Fire

TRENTON (AP) — Firemen from seven surrounding communities Sunday succeeded in quelling a spectacular blaze that for a time threatened a large chemical storage tank at a Chrysler Corp. facility.

The fire at the Chrysler Ampex plant in the Detroit suburb of Trenton raged for two hours, setting off barrels of chemicals like strings of firecrackers, before being brought under control.

One fireman was slightly injured when a hose escaped and whipped around.

A spokesman for Chrysler said the plant, which produces brake bending and brake fluid, would operate at full capacity Monday and that no layoffs were foreseen.

There was no immediate estimate on damage at the plant, but the spokesman said the blaze was confined to yard materials and did not affect any buildings.

AMAZING PSORIASIS STORY

Pittsburgh, Pa. — "Doctored for psoriasis 30 years. Spent much money to no avail. Then used GIP Ointment and Tablets for 2 weeks. Scales disappeared as if by magic. In 6 weeks skin completely cleared and clean. First time in 30 years. Thanks for your marvelous products." This much abbreviated report tells of a user's success with a dual treatment for the outward symptoms of psoriasis. Full information and details of a 14 day trial plan from Canam Co., Dept. Rockport, Mass. 01966.

Adv.

The program is operating five days a week, 9 a.m. through 3 p.m. throughout the calendar year. Mrs. Doris Embs is the training aide in charge of a maximum of six mentally retarded children. The program has a dual focus, being both child centered and parent centered.

Eligibility for admission of a severely mentally retarded child to a day care center is an I.Q. of approximately 30 and that the child be ambulatory or capable of self-ambulation by mechanical means. The child should be under 21 years of age.

The Day Care Training Centers are designed to provide services for severely mentally retarded children who can benefit from training programs while receiving care in their own homes or in foster homes. In addition to such care the Day Care Training Centers are designed to provide a program of activities which offer developmental training in the areas of sensory function, motor function, use of language, social skills, self care skills and simple working skills.

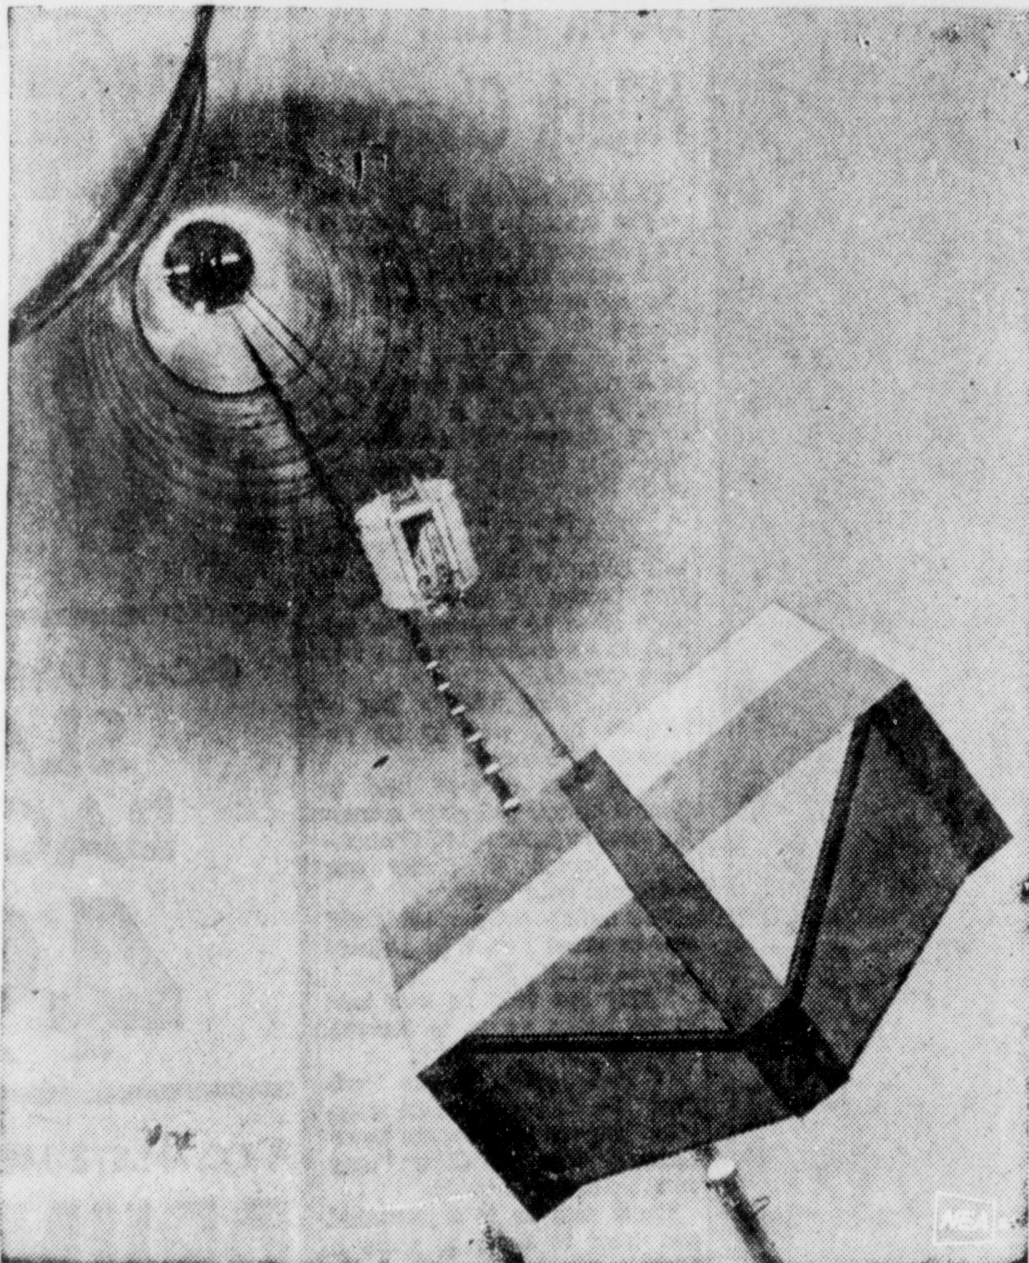

The Alger-Delta-Marquette Act 54 Board has four of these Day Care Training Centers in operation at the present time, including the one now established in Escanaba.

The Delta County Retarded Childrens Association has also been very helpful in conducting a survey of the needs for a Day Care Center and establishment of a day care program in Delta County.

Persons having a child who might be eligible for this program may make application at the Community Mental Health Center, Doctor's Park of Escanaba, office hours 8 a.m. to 5 p.m., Monday through Friday, telephone 786-6441 or 6474.

TEST PACKAGE containing scientific instruments is hauled up after free-falling more than 400 feet at the Lewis Zero Gravity Research Facility in Cleveland, Ohio. The shaft of the facility extends 410 feet below ground level and contains a vacuum chamber in which a weightless state is produced by the free-fall of the package. Lewis' studies of weightlessness on various liquids and gases are used by NASA to further the nation's space program.

Crack Down On Detroit Mafia

DETROIT (AP) — A federal effort to stifle organized crime in the Detroit area made an impressive start with 20 indictments against 70 defendants during its first year of operation, according to Thomas J. McKeon, director of the task force.

"And we will double that during 1969," McKeon declared in an interview Saturday.

The task force began operations a year ago and has gained convictions of seven persons in cases brought to trial in federal court. Two defendants were found guilty and five others pleaded guilty, McKeon said.

The task force has concentrated on illegal loan shark operations in its early presentations to the 23-man federal grand jury. Among those named were Anthony and Vito Giacalone, reputed Mafia leaders in the Detroit area.

One handy tool for the task force has been the recently passed truth-in-lending law which gave the FBI jurisdiction in loan shark cases, where unusually high interest was charged on loans.

McKeon predicts more success for the task force based on his observation, "This represents the most activity by law enforcement investigators and prosecution staffs ever attempted in Detroit."

The United States was governed by the Articles of Confederation for about eight years, from March, 1781, until adoption of the Constitution in 1789.

Prince Competes On Bobsled Team

LONDON (AP) — Prince Michael of Kent will become the first member of Britain's royal family to visit an Iron Curtain country when he competes in an international bobsled competition in Sinaia, Romania.

The Prince, 26, a brother of the Duke of Kent and cousin of Queen Elizabeth II, will drive the 1,300 miles from London to Romania. He will be accompanied by Squadron Leader Freddie Allan, a Royal Air Force pilot.

A captain in the 11th Hussars, a cavalry regiment, Prince Michael was selected for the British bobsled team after winning the English Inter-Services two-man championship at the Blue Lake track at Cervinia, Italy, during the weekend.

CONTESTANTS IN Gladstone's International Gold Cup queen's contest for the snowmobile races to be held Feb. 22-23 performed for judges at Gladstone City Hall Sunday afternoon and this field of attractive young women was reduced to a queen's court of five, from which the race queen will be named. Top from left: Suzi Bauman, Venetia Bryers, Cindy Damitz, Lori Isaacson, Laurie Kaufman and Barbara Marshall. Bottom from left: Ruth Martin, Diane Maskart, Debbie Nolan, Margaret Noreus, Kristen Olson, Patricia Smith, Susan Walker, Kathy Young and Marcy Zimmerman. (Daily Press Photo)

Five Finalists Chosen In Queen Contest

Judges reduced a field of 15 attractive girls to the queen's court of five for Gladstone's International Gold Cup snowmobile races in judging at Gladstone City Hall Sunday afternoon.

The tournament will be held on Little Bay de Noc at the Gladstone Yacht Club starting Saturday, Feb. 22.

Chosen to compose the queen's court from which the Gold Cup

Queen will be selected and announced at a luncheon at the James T. Jones School Saturday noon, Feb. 22, were:

Suzi Bauman, 16, daughter of Mr. and Mrs. Leslie Bauman, 601 N. 7th St.;

Ruth Ann Martin, 16, daughter of Mr. and Mrs. Lawrence Martin, 904 Wisconsin Ave.;

Laurie Kaufman, 17, daughter of Mr. and Mrs. William Kaufman, 1306 Michigan Ave.;

Kristen Olson, 16, daughter of Dr. and Mrs. Carl Olson, 619 Minneapolis Ave.;

Debbie Nolan, 17, daughter of Mr. and Mrs. Milburn Nolan, 716 Dakota Ave.

The other contestants included: Venetia Bryers, Cindy Damitz, Lori Isaacson, Barbara Marshall, Diane Maskart, Margaret Noreus, Patricia Smith, Susan Walker, Kathy Young

and Marcy Zimmerman.

The court was chosen by the judges, Mrs. Thomas Elegeert, Sr., Mrs. Leney Clairmont and Jean Worth, all of Escanaba, on a basis of appearance, speech, poise, grooming and their talent

Wisconsin U. To Take Action

MADISON, Wis. (AP) — University of Wisconsin officials, facing an outbreak of classroom demonstrations, say they will take disciplinary steps if classes are disrupted further.

"The law will be enforced," Chancellor H. Edwin Young said Sunday night. Officials warned that suspension or expulsion are among steps that might be taken.

After demonstrations in classrooms Friday and an attempt to invade a university fieldhouse Saturday prior to a basketball game between Wisconsin and Ohio State, campus groups were planning more disruptions today in support of demands by Negro students.

The Wisconsin Student Association, the student government, adopted a resolution late Sunday urging faculty and students to support a classroom boycott.

There are about 500 Negroes among Wisconsin's 33,000 students. Among 13 demands issued Friday by Negroes are doubling the school's Negro enrollment and that students control hiring and firing of instructors for proposed courses in Negro culture.

Wayne's Prexy Attacks Paper

DETROIT (AP) — The president of Wayne State University today attacked the school's student newspaper, saying its news coverage was "inaccurate and slanted, marked by a shoddiness of language and a looseness of statement far below any standard of responsible journalism."

William R. Keast, WSU president, leveled his blast against The South End in a letter to the paper's 25-year-old student editor, John Watson. The South End, which is printed five days a week, printed Keast's letter in full in today's edition, without comment.

Keast accused the paper of "costing the university dearly in the good opinion of the community."

He said the publication, which is distributed free and claims a circulation of 14,000, has "alienated a large portion of the student body and faculty, including many who are ardent advocates of generous social reform."

The masthead of The South End carries pictures of two black panthers at each side and, just below its title, the words, "One Class-Conscious Worker is Worth 100 Students."

Watson and the coeditor, Harry Clark, 22, are Negroes. They describe the paper as "revolutionary, antiracist and antioppressionist."

The university, which has 33,000 students, pays \$30,000 a year as part of the paper's operating budget. The remainder, some \$65,000 is paid by advertising.

"We're defiant, we're blatant, you know where we stand," said Clark, who is majoring in chemistry at the university. "We reject so-called objective journalism."

as demonstrated in an act presented for the judges and an audience of parents and friends of about a hundred. The talent themes included modeling of clothing which the girls had made, piano and vocal solo music and a sax offering, dramatic readings, and sketching.

The judges commented upon the poise and ability of the group and debated at some length while the audience waited before Thomas Elegeert, Jr., chairman of the queen contest committee, announced the five winners. He said that they would be the stars of a parade on Friday night, Feb. 21 in Gladstone at 7 p.m. and that the queen and her court would reign throughout the festivities which would follow starting

46 Aboard Sinking Ship

NEW YORK (AP) — A ship with 46 persons aboard was described by the Coast Guard as sinking slowly today 180 miles southeast of Nantucket, Mass.

The ship was the passenger-carrying freighter, Exminster, which the Coast Guard said was taking on water in its engine room.

The cutter Sherman was speeding toward the Exminster, and was expected to arrive in midafternoon. A Coast Guard plane was searching for the ship in order to drop pumps, the Coast Guard said.

Visibility was three to five miles in the area, the Coast Guard said, with winds of 35 to 40 knots.

The Coast Guard spokesman said radio contact has been maintained with the vessel since early morning.

The Exminster, owned by American Export-Isorandtsen Lines, is 473 feet long and has a gross tonnage of 6,450.

No information was available immediately on its destination or port of departure.

Girl Improved After Transplant

CINCINNATI (AP) — Doctors report steady improvement in the condition of Christie Corbin, a 6-year-old recipient in heart transplant surgery Saturday.

She received the heart of William M. Becker, 7, who died 30 minutes earlier from auto accident injuries.

Doctors say Christie remains unconscious most of the time.

"There are a number of hurdles still to be overcome," said Dr. Edward Pratt, chief of staff at Children's Hospital where the operation was performed.

Christie was born with a severely malformed heart, and her condition was described as terminal before the 9½-hour operation.

N.Y. City Calls Snow Emergency

(Continued From Page One)

afternoon, while Newark hoped to clear one runway sometime today.

National Airlines appealed this morning for a helicopter airlift of food for 500 passengers stranded at its terminal.

A spokesman said the stranded passengers had no food since 8:30 p.m. Sunday night. About 30 children and three chronically ill persons were in the group.

"If they don't get food soon, they'll be in bad shape," the airline official said.

with the Saturday luncheon at which the queen will be named.

The queen will receive a complete snowmobile outfit and the members of her court will also receive individual gifts.

Members of the committee planning the Gold Cup Queen Pageant are Mr. and Mrs. Donald Pfotenhauer, Mr. and Mrs. Marvin Larsen, Mr. and Mrs. Frank W. Fleck, Mr. and Mrs. Leroy Hamilton and Mr. and Mrs. Thomas Elegeert, Jr.

Ray Sheedlo Dies Suddenly

Raphael (Ray) Sheedlo, 60, of 1028 S. 19th St., died suddenly Saturday night of an apparent heart attack at his home.

Mr. Sheedlo was born Nov. 9, 1908, in Escanaba, and had resided in Escanaba all his life.

He was a member of St. Joseph's Church and had been employed in the maintenance department of the Grand Hotel on Mackinac Island.

Surviving are his wife, Marion; one son, Gary, of Escanaba, and one sister, Margaret Sheedlo, also of Escanaba.

Friends may call from 3 to 9:30 p.m. Tuesday at the Degnan-Crawford Funeral Home. Parish prayers will be recited at 8 p.m. Complete funeral services will be held a 9 Wednesday at St. Joseph's Church with Rev. Jordan Telles officiating. Burial will be in Gardens of Rest Cemetery.

7 Youths Face Dope Charges

NEW BALTIMORE (AP) — Seven youths faced arraignment today on charges of possessing narcotics after they were arrested in a raid in New Baltimore.

Police from New Baltimore, Sterling Heights and Fraser raided a house Sunday and arrested William Vinson, 20, and Michael Turchin, 18, both of New Baltimore; Timothy Tew, 17, of Harrison Township; Daniel Floyd, 18, and Michael Van Hull, 17, both of Fraser; Keith Roy, 18, of Warren, and Robert Maxwell, 17, of Mount Clemens.

Sgt. Richard T. Morris of New Baltimore Police said the raid resulted from a tip by Robert Sadowski, 18, of Fraser, who later was charged with being under the influence of a narcotic.

Kelley To Meet With President

LANSING (AP) — Atty. Gen. Frank Kelley is scheduled to meet with President Nixon at the White House Tuesday morning.

Kelley, immediate past president of the National Association of Attorneys General, and seven other members of the association's executive board, have been invited to the White House, Kelley said.

Kelley will spend four days in Washington. Besides meeting with Nixon, Kelley said he plans to discuss organized crime activities with Department of Justice officials and confer with persons concerning proposed rate hikes for several public utilities.

Hijacking

MIAMI (AP) — An Eastern Airlines plane enroute from San Juan to Miami was hijacked to Cuba today, a spokesman for the U.S. State Department announced.

First reports said the plane was a DC-1 with "about 100 passengers aboard."

Gladstone News

Youth, 19, Faces Driving Charge

Dale F. Russell, 19, of Northland, was released on \$50 bond Sunday to appear in District Court on a charge of driving under the influence of intoxicants.

Gladstone Police said Russell was arrested in Gladstone early Sunday morning.

Borman Cancels Luncheon, Sick

THE HAGUE, Netherlands (AP) — Col. Frank Borman brought his European tour to the Dutch today but had to beg off a luncheon in his honor and cancel a reception because of what the U.S. Embassy described as probable stomach trouble.

"Borman did not feel well and had to take it easy on doctor's advice," an embassy spokesman said.

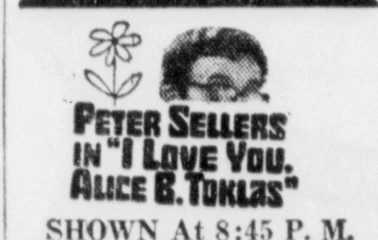

It was a bad luck day for the moon astronaut. The U.S. military aircraft in which he is traveling in Europe could not take off from Brussels because of snow. He had to take the train.

But Borman went to the new Congress Hall to describe his moon flight and to open an exhibition of color photographs of the Apollo 8 mission.

Isabella

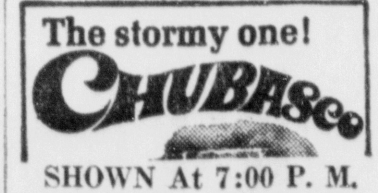

Birthday Party

Laurie McClinchy was honored at a party in honor of her 10th birthday Friday evening at the home of her parents, Mr. and Mrs. Richard McClinchy. A pink and white decorated birthday cake centered the dinner table and guests were Dawn and Jackie Hansen, Violet, Gail and Carolyn LeGault, Ruth, Harvey and Ingrid Sundin, Olive, Bill, George and Ann McClinchy.

Wood, Hoehn Top Bridge League Play

Duplicate bridge was held at the Elks Club on Saturday evening. Those receiving 50 per cent or better were:

Bill Wood and Clair Hoehn, Bob Pearson Sr. and Jr., C. Kallenbach and L. Legault, Mr. and Mrs. Clyde Lepisto, Edith Pearson and Gladys Pearson, Fran Boyle and Bill Connelly, Mr. and Mrs. Ken Dufresne.

Duplicate bridge will be played at 1 p.m. Sunday at the Elks Club. This is the first Sunday session and a good attendance is desired.

B. Of R. T. Ladies Meet Wednesday

The Ladies Auxiliary to the B. of R.T. will meet at 1:30 p.m. Wednesday in the Elks Clubrooms. Rose Cloutier will be the hostess for the social assisted by Marianne Veldman, Bernadette LaValley and Mary LaFond.

New officers for 1969 are: Lillian Madden, president; Alice Menard, vice-president; Ann Taylor, secretary; Marianne Veldman, treasurer; Pearl McCauley, conductress; Agnes Wood, chaplain; Rose Cloutier, warden; Edith LaPlant, inner guard; Liz Longtine, outer guard.

Events

PTC Meeting
Flat Rock PTC will meet at 8:15 p.m. Tuesday in the multipurpose room of the school. A games party will be held following the meeting. Refreshments will be served by the 4th and 5th grade mothers.

Hiawatha Lodge
Hiawatha Lodge 281 will meet Tuesday at 7:30 p.m. at the Eagles Clubrooms. A games party will follow the business session. Hostesses will be Mrs. Arvid Isaacson, Mrs. John Decker and Mrs. William Ettenhofer.

Past Noble Grands
The Past Noble Grands Club of the Phoebe Rebekah Lodge will meet at 7 p.m. Tuesday at the IOOF Hall. Hostesses will be Lilly Anderson, Caroline Sundelius and Tillie Erickson.

Church Events

First United Methodist
Tuesday, Feb. 11, 6:45 a.m. - Men's breakfast fellowship at Sherman Hotel; 7:45 p.m. - Men's softball at Bethany Lutheran.

Central United Methodist
Tuesday, Feb. 11, 6:45 a.m. - Men's breakfast fellowship.

First United Presbyterian
Tuesday, Feb. 11, 2 p.m. - circles 1, 2, 3; 8 p.m. - softball; 8:15 p.m. - circle 4.

Immanuel Lutheran
Tuesday, Feb. 11, 10 a.m. - Pastor's meeting in Green Bay; 7 p.m. - Stewardship committee; 7:30 p.m. - Church council.

Asparagus is said to be native to the Mediterranean region and to Asia Minor.

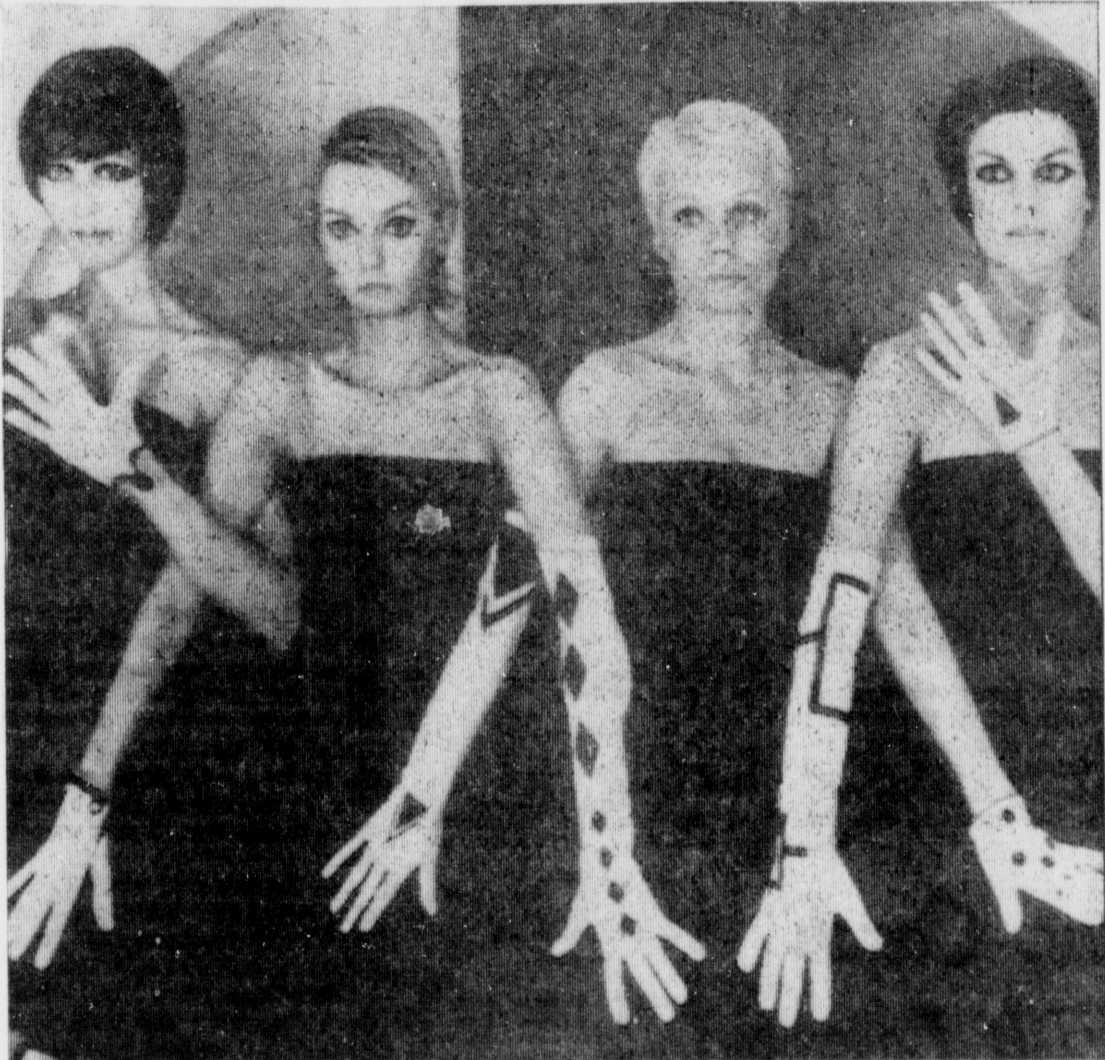

WOMEN OFTEN HAVE BLADDER IRRITATION
Common Kidney or Bladder Irritation affects twice as many women as men, often causing tenderness and nervousness from frequent, burning, itching urination. Secondly, you may lose sleep and have headaches, backaches and feel older, tired, depressed. In such cases, CYSTEX usually brings relaxing comfort by curbing germs in acid urine, and easing pain. Get CYSTEX at drugists today. Adv.

Serving on special committees are: Mrs. Dennis Foltman and Mrs. David Dahlquist, decorations; Mrs. Tom Houghson and Mrs. Dale McNamee, gifts; Mrs. Jim Pinar, Mrs. John But-rymowicz, Mrs. Robert Slade and Mrs. Wallace Pultz, calling; Mrs. Robert Micensky, publicity.

By HELOISE CRUSE

Dear Heloise:

Here's my hint for an improved bed tray.

Take an ordinary bridge table, open TWO legs on one side and allow them to rest on the floor. The side of the table with the two legs still folded is placed over a side or the end of the bed.

If one cares to have his pillows piled up behind his back and wants to eat sitting up at the head of the bed, slip one or two pillows under the table to make it level and give a firm support for the dishes.

There are many people who don't have bed trays or who aren't prepared for a family member who becomes ill.

This saves buying a bed tray and it's most satisfactory for those who want to lie in bed to work, play solitaire, etc., or who are too ill to get up. Also for those who are well enough to sit up and put their legs off the side of the bed and want the table over their lap.

If one is sitting on the side of the bed, they can put a pillow over their knees, leaving their feet on the floor, and put the side of the table with the closed legs on the pillow.

Marie Motson

★ ★ ★
This would be just wonderful for little children to put their toys and crayons on too. Think how much more room they'd have when the eventual chicken pox, measles and mumps come along—and they will. I know!

DEIDRE BYERS of Cambridge, Mass., survived a 600-foot fall down the side of Mt. Washington Saturday near the place where three men were killed in a fall two weeks ago. Two male companions, who fell with her, also survived the drop. They were brought down the mountain in snow vehicles and taken to St. Louis Hospital, Berlin, N.H., where officials said none appeared to be critically hurt. (AP Wirephoto)

Dorothy Rodgers's Oatmeal Cookies

Whenever Dorothy Rodgers (wife of composer Richard Rodgers) writes a book, be it about decorating and entertaining or building a house, we search it out. That's because Mrs. Rodgers has a way of including some of her favorite menus and recipes. She's done just that in her latest book, "The House in My Head" (Atheneum).

At the end of this detailed account of building and furnishing her dream house in Connecticut, there comes the bonus—36 menus and 78 recipes designed for entertaining. Any-

one who has dreams of building a beautiful house and then serving beautiful food in it, will find Mrs. Rodgers' "The House in My Head" full of fascinating suggestions.

Here then is a recipe from the book—an oatmeal cookie that we found delicious enough to serve to company.

DOROTHY RODGER'S Oatmeal Cookies

1 cup sifted flour
1/2 teaspoon baking powder
1/2 teaspoon salt
1 pound (1 stick) butter
1/2 cup sugar
1/4 cup light cream

1/4 cup dark corn syrup
1 1/2 cups old fashioned rolled oats
1 teaspoon vanilla

On wax paper sift together the flour, baking powder and salt. In a medium mixing bowl cream butter and sugar. Gradually stir in the flour mixture. Add the light cream and corn syrup; mix well. Add oats and vanilla; mix. Drop by level tablespoons about 2 inches apart on well-greased cookie sheets. Bake in a preheated 400 degree oven until golden brown—8 to 10 minutes. Makes about 3 dozen. (R)

COMPANY OFFERING — Oatmeal cookies, made from a recipe in Dorothy Rodgers' book, "The House in My Head," are extra-delicious. Serve them with hot chocolate for an afternoon refresher.

Munising Mustangs After Conference Crown Tuesday

Marquette teams face difficult tasks in trying to stop two of the Upper Peninsula's top prep quintets this week.

Munising, ready to snatch the Great Lakes Conference pennant, plays on Marquette Senior High School's court Friday. The following night Marquette Bishop Baraga, buoyed by vic-

tories over Crystall Falls and Houghton in its latest outings, hosts powerful Ewen-Trout Creek.

Both games, final regular-season affairs for the Redmen and Royals, probably will attract the Season's biggest crowds in Marquette.

Sizeable crowds also are expected in Ishpeming and Negaunee, where two other Marquette County outfits wrap up their home campaigns.

Ishpeming, runner-up to Munising in the Great Lakes circuit after winning three consecutive championships, hosts Ironwood, one of the chief contenders for U.P. Class B honors, while Negaunee will be at home to Newberry, which just finished knocking Sault Ste. Marie out of the GLC race.

Munising will lay a 12-2 record on the line against a Marquette team which has won only three of its 14 games. Already considered one of the two best Class C clubs in the Peninsula, Munising's junior-packed squad can gain the GLC championship by beating the Redmen.

The Mathers' only setbacks this winter were by four points in a non-conference game at Escanaba Holy Name and by a single point in a Great Lakes

battle at Gladstone.

In tackling Ewen-Trout Creek for a second time, Marquette Bishop Baraga will face an opponent which is averaging 83 points a game. The Panthers will come to Marquette the night after they host Crystall Falls, the only team which has defeated them this winter.

Ewen-Trout Creek, 12-1 for the season, has won 11 in a row since losing at Crystall Falls, 65-61, in November. One of its victories was a decisive 94-65 triumph over Bishop Baraga. In turn, Baraga defeated Crystall Falls twice, both times by three points.

The week's Upper Peninsula schedule:

TUESDAY

Stephenson at Manistique
Houghton at Baraga
Niagara at Norway
Ontonagon at Wakefield
Watersmeet at Bergland
Perkins at Big Bay de Noc
Powers at Bark River
Carney at Pembine
Eben at National Mine
Ironwood Cath. at Butternut
Trippoli at Marquette
Trenary at Rapid River
Mercer at White Pine

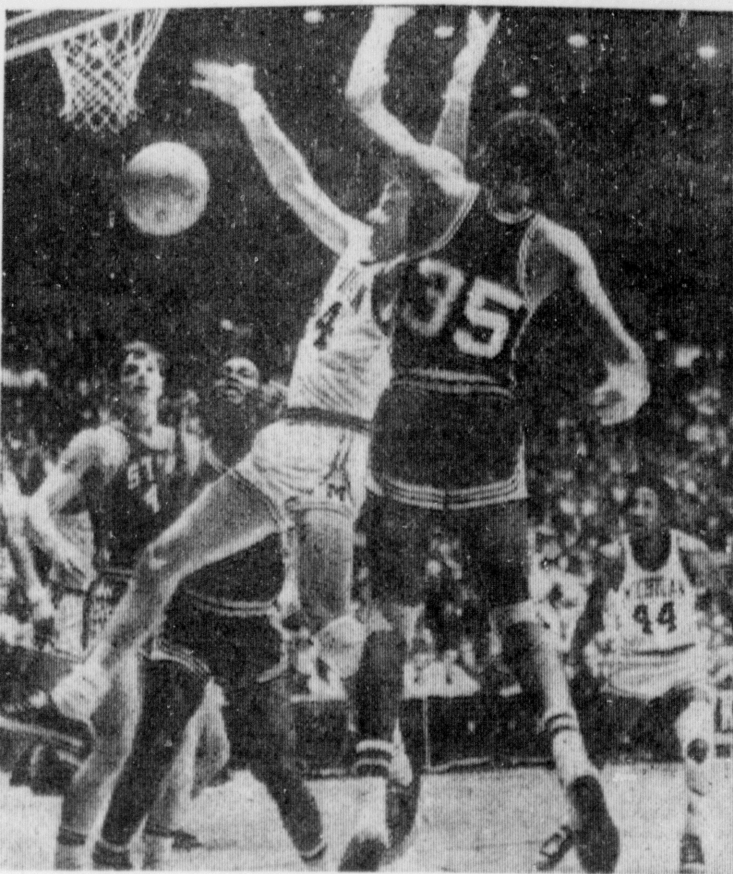

THURSDAY

Ironwood Cath. at White Pine
FRIDAY

Escanaba at Iron Mountain
Munising at Marquette
Baraga at Calumet
Gladstone at Manistique
Ironwood at Ishpeming

National Mine at Powers
Mercer at Watersmeet

SATURDAY

Rudyard at Sault Ste. Marie
Superior Cath. at Ironwood
Cedarville at Cheboygan C.
Ewen-Trout Ck. at Mar. Bar.
Rapid River at Perkins

DAN FIFE (24) of the University of Michigan bats the ball to the floor as he blocks a shot by Michigan State's Lee Lafayette (35) in the first half of a game in Ann Arbor Saturday. Michigan State players in the background are Jim Gibbons and Bernie Copeland (hands raised). In the right rear is Michigan guard Ken Maxey. The Spartans won the game, 86-82. (AP Wirephoto)

Michigan Fans, Coach Displeased With Loss

ANN ARBOR (AP) — "I've got 20-20 vision but there must be something wrong with my eyes," complained an angry Coach John Orr.

"I just don't understand this game anymore; I can't believe some of the things I've seen this year."

Orr had just seen his Michigan basketball team fall 86-82 Saturday at the hands of rival Michigan State and from the reaction of Orr and the crowd of 13,000, it was apparent they thought the officiating had a lot to do with the loss.

The Wolverines hit on 37 of 75 field goal attempts for a 49 per cent average compared with only 32 of 80 and 40 per cent for MSU. And the Spartans were outscored 58 to 47. But the big difference came at the free throw line.

Michigan State took advantage of 24 Michigan personal fouls to sink 22 of 33 free throws, while the Wolverines only got eight of 16 charity tosses as MSU only collected 15 fouls.

"I can check any newspaper and this will be the only place in the country where the home team shot half as many free throws as their opponent on their own court," Orr said, pounding a scorebook on a table in the Michigan locker room.

However, he refused to directly criticize the officials, Jerry Menz, Charles Allen and Don Wedge. He said he had been reprimanded for that in the past.

MSU Coach John Benington also seemed puzzled by the officiating and said he didn't understand about six or eight calls.

Early in the game the ball bounced off the top of MSU's backboard and it wasn't ruled out of bounds. Late in the second half, and many criticized calls later, U-M captain Ken Maxey appeared to be knocked down by MSU's Lee Lafayette but it was Maxey who got the foul.

Michigan State appeared headed for victory in the opening half as they Spartans piled up a 43-33 lead. But the lead was whittled away by the Wolverines in the second half when Michigan reverted to a man-on-

man defense instead of the zone they had been using and which helped U-M beat MSU two weeks ago, 75-70.

At one point U-M scored 10 points in a row to trail 54-50. Later Dan Fife scored twice on layups and Rodney Ford sank a free throw to put Michigan ahead, 69-68. But moments later, Lloyd Ward hit for two for the Spartans and the Wolverines could never regain the lead, although they tied the game several times.

Rudy Tomjanovich, the Big Ten's third leading scorer with a 25-point average, was held to 14 by the Spartans after being kept out for a time because of foul trouble.

Dennis Stewart topped the Wolves with 27 points and slick-shooting Bob Sullivan pumped in 21.

Jim Gibbons paced the Spartan attack with 23, while Lafayette added 15.

Both teams' conference records went to 3-4 with the game. U-M's over-all mark fell to 9-8 while MSU's was upped to 7-8.

Sherman Lewis, new assistant football coach at Michigan State, was a consensus All-American and winner of three Big Ten track titles in his Spartan athletic career.

Mahovlich Sparkles As Wings Top Kings

By The Associated Press
Give a medal to the Philadelphia Flyers for perseverance, and a point to the New York Rangers, Boston Bruins and Montreal Canadiens for coming back. But save the hat for Frank Mahovlich, who has done both for the Detroit Red Wings.

The Flyers spent close to nine hours on a train trying to get from Boston to New York Sunday night in a swirling snowstorm. They finally made it but then almost wished they hadn't after blowing a 3-0 lead and settling for a 3-3 tie against the Rangers.

Boston wiped out a two-goal Oakland lead with a pair of late goals to earn a 3-3 standoff with the Seals and Montreal erased a 3-0 St. Louis lead and tied the Blues 4-4.

Mahovlich had three goals leading Detroit to a 5-0 romp over Los Angeles. Toronto tagged Chicago 5-3 and Minnesota topped Pittsburgh 3-1 in other Sunday games.

In Saturday's action, Montreal defeated Minnesota 6-3, Oakland stung Toronto 4-1, New York blanked St. Louis 2-0, Boston edged Philadelphia 6-5, Los Angeles stopped Pittsburgh 4-2 and Detroit trimmed Chicago 3-1.

Philadelphia showed the effects of its long train ride, managing just 16 shots against Don Simmons, who played goal for New York in place of snow-bound Ed Giacomin. But the Flyers held a 3-0 edge with less than 10 minutes to play before the Rangers started their comeback.

Bob Nevin's goal with 42 seconds left to play tied it for New York after Simmons had been pulled for an extra attacker.

Bobby Rousseau's 24th goal of the season with less than five minutes left capped Montreal's comeback against St. Louis. Jean Beliveau and Serge Savard also scored third period goals for the Canadiens.

The victory stretched Montreal's unbeaten string against St. Louis to 12 games over two seasons. The game was delayed one-half hour when Referee Vern Bueffey was injured accidentally by a Ted Harris body-check.

Derek Sanderson and Ken Hodge scored Boston's late goals to the Oakland after Gerry Ehman's early third period tally had opened a 3-1 edge for the Seals.

Phil Esposito, the NHL's leading scorer, picked up a pair of assists, running his point total for the season to 87.

Mahovlich scored his fourth hat trick of the season for Detroit and raised his goal total to a league leading 36. The big left winger, traded off by Toronto a year ago, has scored more goals this season for Detroit than he had in the last six seasons for Toronto.

His linemates, Alex Delvecchio and Gordie Howe, had the other Red Wing goals, giving the line 84 for the season. The NHL record is 105 held by Montreal's Maurice Richard, Toe Blake and Elmer Lach in 1944-45.

Danny O'Shea's controversial goal with just over seven minutes left to play broke a tie and sent Minnesota to its victory over Pittsburgh.

O'Shea's shot went in and out of the net so quickly that Pittsburgh players claimed it never went across the red line. But officials allowed the goal and then Bill Goldsworthy gave the North Stars an insurance tally less than three minutes later.

Toronto roared off to a 4-0 lead and then held off a late Chicago rally to beat the Black Hawks and drop them in the NHL's East Division cellar. It was Chicago's fifth straight loss.

Michigan Man Wins 1st '500'

SAULT STE. MARIE (AP) — A Michigan man captured the \$1,000 first prize in the first annual International 500 Snowmobile race Sunday.

Dan Planck of Lapeer was the best of the 47 snowmobilers which qualified for the race run around a snow packed one mile oval track. His winning time was 13 hours, 42 minutes and 12 seconds.

Runnerup was Verne Riccard of Thief River Falls, Minn., who had completed only 495 laps when Planck crossed the finish line at 12:29 a.m. Sunday.

John Brown of Traverse City was third, followed by Rene Beaulieu, Quebec City, Quebec; Ed Kott, Morris; Don Smith, Appleton, Wis.; Earl Girard, Mount Clemens; Gary Gluck, Thessalon, Ontario; Wes Waidler, Holly; and Dave Cromwell, Mount Morris.

Unbeaten Powers Stretch Winning Streaks Saturday

By The Associated Press
UCLA came up with an effective pain-killer for Lew Alcindor's headache, but Santa Clara might have trouble finding a remedy for Bud Ogden's sprained ankle.

A headache sent Alcindor to the bench early in the second half of UCLA's Pacific 8 Conference game against Washington State last Saturday.

The 7-foot-1½ All-American left the game after scoring 10 points, but teammates John Pate, who teamed with Alcindor, and Kenny Heitz picked up the slack as the top-ranked Bruins breezed to a 108-80 victory, their 18th without a loss this season.

No. 3 Santa Clara, the nation's only other unbeaten major power, extended its winning string to 20 with an 88-60 triumph over Pepperdine. But the Broncos lost sparkplug Ogden in the first half when the high-scoring, 6-foot-6 forward twisted an ankle. The extent of the injury was not reported as of Sunday night.

The two West Coast titans, heading toward a possible showdown in the NCAA Tournament, are idle this week until Saturday, when UCLA takes on Washington State again on the Cougars' court and Santa Clara

visits San Francisco for a West Coast Athletic Conference scrap.

The Bruins, who have run off 38 successive victories since a two-point loss at Houston a year ago, are 10-0 in the Pacific 8 this season and lead runner-up Washington State by 1½ games. The Broncos, 7-0 in the WCAC, have a two-game edge on four pursuers but could have trouble staying unbeaten without Ogden up front.

Elsewhere last weekend, seventh-ranked LaSalle outscored No. 8 Villanova 74-67 in a Philadelphia summit clash and six other high-ranked teams won handily. No. 2 North Carolina bombed Florida State 100-82. No. 4 Kentucky trounced Mississippi 104-68 and No. 5 St. John's NY, stymied Army 65-43.

Sixth-ranked Davidson crushed George Washington 126-98. No. 9 Purdue whipped Northwestern 97-84 and No. 10 Illinois thrashed Iowa 98-69.

Valley led the UCLA point parade with 23 while Shackelford contributed 15, Rowe and Heitz 14 apiece. Ogden's brother, Ralph, and 6-foot-9 Dennis Atwey each scored 17, keying the Santa Clara attack.

Ed Szczesny came off the LaSalle bench and hit three baskets down the stretch as the Ex-

plorers got past arch rival Villanova for their 18th victory in 19 starts. Soph Ken Durrett topped the LaSalle scorers with 20 points.

Charlie Scott put in 23 points and Bill Bunting 22 as North Carolina ran its season mark to 17-1. The Tar Heels are 8-0 in the Atlantic Coast Conference but face rugged tests this week in North Carolina State and South Carolina.

Dan Issel's 26 points paced Kentucky's Southeastern Conference leaders to their 16th triumph in 18 games and Joe DePre scored 10 of 14 St. John's points in the second half get-away that sent the Redmen, 16-2, past Army.

Davidson rolled to its 48th consecutive home court victory behind 26-point performances by Mike Mayo and Jerry Kroil. The Wildcats are 18-2 over-all and 7-0 in the Southern Conference.

Duquesne, No. 15, throttled Holy Cross 98-80 Sunday for its 15th victory in 17 starts. Saturday night, No. 16 New Mexico State beat Northern Illinois 63-59. No. 17 Marquette riddled Eastern Michigan 82-58. No. 18 New Mexico got by Arizona 79-74 and No. 19 Dayton shaded Chicago Loyola 70-68 in overtime.

Russell Returns, Ready For Drive

BOSTON (AP) — Bill Russell, relaxed and in high spirits after a week's rest for treatment of a knee injury and sheer exhaustion, is up to his old tricks and ready to lead his Boston Celtics in the late stages of the National Basketball Association race.

The 35-year-old player-coach was Boston's unanimous choice as Comeback Player of the Week Sunday after sparking the Celtics to a 122-117 overtime victory over the Philadelphia 76ers before 6,095 hardy fans who braved a heavy snowstorm.

In other NBA action Sunday, Wilt Chamberlain poured through 66 points, high for the league this season, as Los Angeles thumped Phoenix 134-116; Baltimore edged Atlanta 102-101; San Francisco nipped Seattle 121-120 and Milwaukee topped San Diego 117-109.

Saturday, Detroit took San Diego 123-119 in overtime, New York downed Baltimore 106-100, Los Angeles trounced Phoenix 122-104, Atlanta beat Chicago 106-97 and Cincinnati edged San Francisco 117-116.

Miami got by New Orleans 105-103, Indiana nipped Minnesota 129-123 in the American Basketball Association Sunday. The New York at Kentucky game was postponed.

Russell came off the bench to rally the Celtics from a 10-point deficit in the first period and turned in last-minute heroics, blocking two shots and stuffing a basket with two seconds left to send the game into overtime.

"The knee is a little sore in the back, but it didn't give me any trouble," Russell said after 45 minutes of action. "I'm no more tired than usual. It's just that time of year again."

Russell, who strained right knee ligaments in scoring on a pass-in by John Havlicek against New York Feb. 2, checked himself out of the hospital late Thursday night and watched from the bench as the Celtics' lost a fifth straight game in a defeat by Atlanta Friday night.

Earl Monroe scored 15 of his 29 points in the fourth quarter to lead Baltimore over Atlanta. Don Ohl scored 15 of 20 Atlanta points during one stretch and finished with 26.

Jeff Mullins' two foul shots with one second left lifted San Francisco over Seattle in a game in which six technicals were called. Seattle's John Tresvant and trainer Jack Curran were ejected. Mullins finished with 34 points. Bob Rule topped Seattle with 31.

Casper's Rally Wins Hope Event

PALM SPRINGS, Calif. (AP) — Billy Casper finally got off the launching pad and onto the victory stand, a position he occupied six times in golf in 1968.

A nonwinner in this new season, Casper forged from behind in the final round to capture the \$122,000 Bob Hope Desert Classic Sunday at the par 56-33-72 Indian Wells Country Club.

The 37-year-old California pocketed \$20,000 a nice start in a bid to repeat as the game's leading money winner. He was tops with \$205,000 last year.

A last-round six-under par 66 for a 90-hole score of 345-15 under par for the marathon—was three shots in front of Dave Hill's 348 last round 66. Hill, from Evergreen, Colo., won his second largest purse, \$11,400.

Such stars as defending champion Arnold Palmer, a former winner, Jack Nicklaus, as well as U.S. Open champion Lee Trevino, did not fare well on the bright and sunny day.

Never serious threats, Nicklaus had a final 69 for 345 and \$1,350, Trevino 71 for 353 and \$1,800 and Palmer 70 for 356 and \$755.

Casper and the sentimental favorite of the show, Art Wall Jr., rounded the turn into the final nine holes all even.

Wall, the 1959 Masters champion and one of the tigers of the 50s, began to wilt and Casper virtually settled it all with an eagle 3 on the 478-yard 14th hole.

Miami got by New Orleans 105-103, Indiana nipped Minnesota 129-123 in the American Basketball Association Sunday. The New York at Kentucky game was postponed.

Russell came off the bench to rally the Celtics from a 10-point deficit in the first period and turned in last-minute heroics, blocking two shots and stuffing a basket with two seconds left to send the game into overtime.

Unbeaten Purdue Relaxes Atop Big Ten Standings

CHICAGO (AP) — Purdue's Boilermakers, undefeated in six conference starts and holding a two-game lead in the Big Ten basketball race, are breathing easier even though they face their toughest assignment of the season at Ohio State Tuesday night.

"Saturday's results puts the pressure on them and gives us a chance to be a little loose," said Purdue Coach George King Sunday.

Saturday's results found Wisconsin upsetting Ohio State 77-73 while Purdue was waiting to 97-84 triumph at Northwestern to open up a two-game lead over Ohio State and Illinois which smashed Iowa 98-69.

"Instead of our going to Columbus with having to win or losing our lead, now they're the ones who have to win," said King.

Before the season started King said he'd have to have 15 points and 15 rebounds a game from his pivotmen to win.

"They're giving us 15 points and 11 rebounds a game," said King "and that seems to be enough."

King also has revised his thinking about the title. Before the season started, he felt a team could lose four games and still gain at least a share of the title.

"Now I think you can lose three games and still get the job done," said King who gave a lot of credit for his team's success to sophomores George Paerber and Larry Weatherford.

But King also is quick to point out the tremendous play of his two stars—Rick Mount and Herb Gilliam.

"Rick's play this year has been so much better. He's doing so many more things and the team's entire attitude is great."

"Gilliam hasn't improved. He's always been a great player," continued King. "It's just that he has been overlooked. He always put a little extra in everything and sometimes would lose the ball. He's just been fantastic."

And so are the Boilermakers who seldom lose at home and have scored three of their six conference triumphs on the road.

After the Ohio State encounter, Purdue will have seven conference games to play—three on the road and four at home. Other games Tuesday night find Illinois at Michigan, Northwestern at Iowa, Wisconsin at Minnesota and Michigan State at Notre Dame.

Last Saturday produced two other surprises in addition to Ohio State's loss at Wisconsin. Michigan State defeated Michigan at Ann Arbor 86-82 and Minnesota won at Indiana 89-83. It all helped to bring down the so-called home court advantage. Home teams now have a 21-12 edge in conference competition.

Rudyard Trips Emeralds Five

RUDYARD — The Manistique Emeralds added another loss to their woes this season when they went down to defeat Saturday night at the hands of the Rudyard Bulldogs, 55-43, for their tenth straight loss.

The Emeralds led at halftime, 26-20, but ran into trouble in the third period and went behind, 44-32. Manistique lost the ball 19 times in the second half and only made two of twelve field goal attempts in the third quarter.

Larry Kemp led the Bulldogs in the scoring column with 16 points, ten of which came in the big third quarter, while Tyrone Fitzpatrick added 15 points to the winning total.

Larry Davidson and Bob Males both hit in double figures for the Emeralds, hitting 14 and 12 points respectively.

Manistique is now 1-12 on the season and closes its schedule with three home games beginning with a Feb. 14 encounter against the Gladstone Braves.

The Manistique Junior Varsity notched a 46-43 victory in the preliminary game.

The box score:

MANISTIQUE	FG	FT	PF	TP
Males	6	0	2	12
Davidson	6	2	3	14
Ehli	0	2	2	2
King	1	0	0	2

Rockets Drop 61-60 Contest

PICKFORD — After trailing for three quarters of the game, the Pickford Panthers rallied in the fourth quarter to defeat the Rapid River Rockets, 61-60, in a game played Saturday night.

The Rockets led 53-49 going into the fourth quarter but could only score seven points in the quarter and fell behind in the final minutes. Neither team scored in the final period until the midway mark of the quarter.

Klint Safford and Dale Pasi paced the Rapid River attack with 16 points apiece while Dale Morin and Chuck Larsen added 11 and 10 points respectively.

Mike Wilson led Pickford with 22 points and Chuck Hill chipped in with 17.

Pickford won the JV game, 56-53.

The box score:

RAPID RIVER	FG	FT	PF	TP
K. Safford	4	8	3	16
D. Safford	2	1	4	5
Morin	5	1	5	11

Pickford 18 19 15 12-61

Huskies Upend Hockey Rivals

By The Associated Press
Michigan's Governors Cup is in the hands of Michigan Tech's Huskies today after a pair of weekend hockey triumphs over the Wolverines of Michigan.

Michigan State, meanwhile, had to settle for a split in its series with Wisconsin, and Lake Superior State bowed to Bemidji twice in the Lakers' first two losses in 18 games.

In other college hockey games Saturday, Minnesota outgunned Minnesota-Duluth 6-1 and North Dakota edged Colorado College 5-4 in the Western Collegiate Hockey Association.

A two-goal output in the final period gave Michigan Tech its 3-2 WCHA triumph over Michigan Saturday and earned the Huskies the Governor's Cup for their two-game Winter Carnival Series.

Tech's John Haines and Michigan's Doug Galbraith made single goals in the first period. Barney Pashak tallied in the second period to put Michigan ahead 2-1. But Ken DesJardine and Lyle Moffat put the game on ice for Tech in the final period.

The victory left Tech with a 14-5-2 over-all record and 9-5-1 WCHA mark. Michigan is 10-10 over-all and 7-7 in the WCHA.

Michigan State's 4-3 triumph over Wisconsin Saturday night avenged a 2-1 loss the previous night. State's Randy Sokoll scored twice in the second period. The other Spartan goals were by Bill Watt and Bobby Pattullo.

Pete Fichuk and Mike Kurtz each knocked in two goals for Minnesota and Larry Paradise and Bill Klatt got the other Gopher goals.

Colorado College's Bob Collyard got the hat-trick but his team ran out of steam in the final period and goals by Doug Johnston and Dale Hudson iced the victory for North Dakota.

No games are scheduled tonight in the WCHA and Michigan's college hockey teams won't see action again until Tuesday night when Lake Superior is at St. Cloud State.

Michigan Lutheran Keeps On Winning

By The Associated Press
When Michigan Lutheran started winning basketball games early this season not many people would have predicted it would stretch to the Saints current record.

But now Michigan Lutheran stands out as one of the winningest college cage squads in the country with a 21-1 mark.

The Saints latest victory came Saturday night with a 90-69 triumph at home over Walsh of Ohio. It was their 13th win in a row since losing their only game during a Christmas tournament to Luther of Iowa.

In Saturday's game Marvin Copeland led the five scorers in double figures with 21 for Michigan Lutheran, while Joe Eaton got 15, for Walsh.

Activities Set For Holy Name

Activities scheduled at Holy Name High School this week include the final home wrestling match of the season tonight against the Gladstone Braves at 7 and the basketball game against Kingsford tomorrow night.

The Holy Name Frosh will meet the Kingsford Frosh at St. Pat's gym at 6:30 and the junior varsity game gets underway at 6:45 at the Holy Name gym and the varsity plays at 8:30.

On Wednesday night, the Lake Superior Coaches and Officials Association will meet at 8 in the school library.

In other Michigan small college games Ferris State beat Oakland University 97-82. Hope trimmed Olivet 93-82. Michigan Tech edged Wayne State 79-71 and Spring Arbor trounced Aquinas 107-86. Alma crushed Albion 95-75. Eastern Illinois slipped by Central Michigan 56-51, and Kalamazoo downed Lake Forest, Ill., 68-59.

At Big Rapids, Jesse Magham tossed in 34 points and Art Tetzlaff added 27 to power Ferris State to its win over Oakland. The win lifted Ferris' record to 11-6 while Oakland dropped to 6-9.

Hope avoided the dubious record of setting its longest losing streak in 40 years with its Michigan Intercollegiate Athletic Association victory over Olivet at Holland. It had lost six straight going into the game. Dan Shinabarger tallied 28 for Hope, while Mike Macias pumped in 27 for Olivet.

Wayne State dropped its ninth decision in 18 games when it failed to score for nearly four minutes at the close of its game at Michigan Tech. Bob Schulte of Tech and Fred Martus of Wayne shared scoring honors with 19 each.

Gerald Byrd, Jerry Neigh and Bobby Thomkins scored a triple of sorts in host Spring Arbor's drubbing of Aquinas. Each scored 23 points, although Aquinas' Tom Vanport Fleet had the game's high with 28.

Bill Oates scored 29 points, nearly half of his team's 63, but Northwood Institute couldn't catch high scoring Northern Michigan and fell 114-63 in Houghton. Dave Kovak paced the winners with 27.

Five of Alma's players scored in double figures led by Charles Hudson's 25 as the Scots ran their MIAA record to 5-2 with their home court win over Albion, which is 3-4 in the conference.

Central Michigan's loss to Eastern Illinois at Mount Pleasant gave the winners at least a tie for the Interstate Intercollegiate Athletic Conference title. CMU led at the half 28-25. The loss gave the Chippewas a 2-2 conference record while Eastern Illinois is undefeated in four games.

Kalamazoo moved into a slim 33-31 halftime lead but had a stronger second half in its 68-59 triumph over host Lake Forest.

Gene Nusbaum led the victors with 29 points while Lake Forest's Al Shethar tallied 28.

8.85-14	65.61	94.98	29.37
8.85-15	65.63	94.70	29.07
9.15-15	68.07	98.92	30.85

*Regular trade-in price, two whitewall Silvertown 660's. Federal Excise Tax \$1.95 to \$3.32 per Radial Tire, \$1.86 to \$3.01 per 660.

HERE'S WHY.

- Silvertown Radials are built a new way. The 4-ply belt reduces tread scuffing. So BFG Radials roll easier. And your car's engine doesn't work so hard.
- BFG Radials deliver up to twice the mileage of our "new-car" tires — yet cost just 40% more. You can save 60% of the cost of tires. Plus hundreds of gallons of gas!
- Also, BFG Radials have flexible sidewalls for better traction and cornering. And a smoother high-speed ride. They resist punctures and blowouts better, too!

BFG Radials are built with Dynacor® Rayon Cord.

Alert Public To Food Poisoning

There is always the danger of food poisoning, the Alger-Schoolcraft Health Dept. said this week.

To alert citizens to the ever-present dangers in a never-ending battle against food poisoning, the Dept. reminds that all precautions should be taken in the careful preparation of food. Any person suspected of being ill should not be working in a food preparation establishment.

The Dept. reminds that food should either be refrigerated until served or kept at a temperature of 180 degrees to prevent germs from multiplying. One of the best precautions is "when in doubt — throw it out."

A recent tragedy in Wisconsin in which 28 persons became ill and one died from food poisoning points out the threat of possible food contamination by an infected carrier.

The Wisconsin poisoning occurred after the victims ate ham contaminated by a food handler who was a staphylococcus carrier. The germ was cultured from the food handler's nose and throat and positive staph cultures were obtained from food preparation surfaces and a meat slicing machine.

Although the ham in question was kept warm in a roaster at 130 degrees until sold, the temperature was not hot enough to keep the staph germs from multiplying.

Symptoms of food poisoning include nausea, vomiting, diarrhea and severe prostration — usually occurring within one to three hours after eating contaminated food.

The Alger-Schoolcraft Health Dept. is available for any information or help they can give. The office is open Monday through Friday from 8:30 a.m. to noon and from 1:00 until 5:00. The telephone number is 341-5876.

MANISTIQUE Books Reflect Reader Interests

Manistique's literary tastes run high in certain areas such as art, antiques, hot rods and politics, according to acting librarian Mrs. Earl H. LeBrasseur.

Reviewing the 160 new books processed and currently circulating through the Manistique School and Public Library, the demand is especially high in these areas, she said. Some of the authors are as well-known and as famous as the people and things they have written about.

"Andrew Wyeth," written by Richard Merryman about the famous American artist, receives particular attention and examination by students and adults alike. The author, a writer, reporter and correspondent and department head of Life magazine, is the son of the former head of the Art School of the Corcoran Gallery in Washington, D.C.

"Andrew Wyeth" was supervised by the great man himself (Wyeth) with all the paintings photographed directly from the original paintings.

"One Hundred Watercolor Techniques" by Norman Kent and "The Joy of Colour" by Norman Buchanan are two more art books constantly on demand by library patrons.

Kent, whose "Techniques" is his fourth book, is editor of the American Artist magazine and has watercolors hanging in more than a dozen museums throughout the U.S. He is a graduate of Rochester Institute of Technology, a scholarship winner from the Art Students League and spent a year in Italy studying.

On the political side, Arthur Krock, for 30 years Washing-

Fred H. Hahne

Appoint Hahne To Bank Group

Fred H. Hahne, president of the First National Bank in Manistique, has been appointed to the Regional Advisory Committee of the Seventh National Bank Region, according to an announcement from Joseph G. Lutz, Administrator of the National Banks of the Seventh Region.

The regional advisory committee, comprising the states of Illinois and Michigan, meets twice yearly to review and discuss banking legislation and other topics relating to the banking industry.

Hahne's appointment is for a two year period, commencing Jan. 1, 1969 to Dec. 31, 1970.

Legion Plans For July 4th

American Legion Post 83 will sponsor a Fourth of July celebration this year with the theme "Proud to be an American."

Legion committee chairman Emory Barnes said the celebration will be held for two days — July 3 and 4 — with many events and activities being planned.

The Sault Ste. Marie, Ont. Pipe Band will lead a Kiddies Parade on July 3 and a Lumberjack Parade that same evening. In addition the Pipe Band will perform in the A. F. Hall Stadium during a program planned for the evening of July 3.

The Committee is also hopeful of securing an army or navy band, through the efforts of Cong. Phil Ruppe, for the big Fourth of July Parade.

A financial drive will be initiated by the Legion committee to insure the success of the celebration.

Hospital

Admitted to Schoolcraft Memorial Hospital were Amelia Belick, Rae Highland, Cheryl Turan and Stephen Teed.

Discharged were Edna Patterson, Joyce Wilkes, Edith LaLond, Earl McAlpine, Marcella Holt, Leona Rivard, Florence Vail and Nancy Shields.

Death Claims 'Gabby' Hayes

HOLLYWOOD (AP) — At the age of 23, a veteran of burlesque and vaudeville, George Hayes began making his living as a jangling old man.

The living was good for Hayes, who became known to millions over the next 50 years as "Gabby" Hayes, sidekick to cowboy stars.

"Yer darn tootin'" was his reply to Bill Boyd, the Hopalong Cassidy of Western movies during the 1940s, and to Roy Rogers, Gene Autry and others.

Hayes, grizzled and gravel-voiced to the end, died of a heart ailment Sunday at St. Joseph Hospital in nearby Burbank. He was 83, a widower since 1957. In 1960 he retired from show business.

Boyd, in Palm Desert, Calif., expressed great regret at Hayes' passing. "We loved him very much," said Mrs. Boyd.

Former Priest Starts Church

MILAN, Italy (AP) — Michel Colin, self-proclaimed Pope Clement XV, has founded "The New Church of Christ" in a drafty three-room apartment here.

Colin, 63, a French former priest, said Christ told him, "You will become a priest, then a bishop and finally pope."

Now known as the Antipope of Fatima, Colin met with newsmen accompanied by two of his cardinals. He wore purple robes and an ermine cape.

Colin says the official church "is no longer able to enlighten anyone."

Dr. Culhane, Others Explain 'Open Space'

Dr. Thomas Culhane, principal of the John D. Pierce Laboratory School on the Northern Michigan University campus, will be in Manistique on Wednesday to meet with teachers who will be assigned to the new Lakeside Elementary School.

Dr. Culhane, who will be accompanied by three staff members of the laboratory school,

will discuss "open space" techniques and other innovated teaching procedures currently being used at NMU.

The structure of Manistique's new elementary school, to be opened sometime the latter part of February, embodies the free-flowing "open space" classroom concept.

Teachers assigned to the new elementary school include Mrs. Marian Haas, Mrs. Bette Jahn, Mrs. Ione Males, Mrs. Martha Cool, Mrs. Margaret Mueller, Mrs. Gladys Mercier and Mrs. Carla McKilligan.

C. Krzyzanski Taken By Death

Chester Krzyzanski, 57, of Thompson died Saturday morning at the Schoolcraft Memorial Hospital. He was born Nov. 25, 1911 in Poland and came to the United States as a child.

He came to Manistique from Detroit 15 years ago and was the owner and operator of the Tom-Tom Bar, on County Road 432. He was married to the former Edith Grant Nov. 25, 1961 in Manistique.

He is survived by his widow; two sons, Richard and David of Thompson; his mother, Mrs. Liszewski of Florida; one stepson, William Grant, serving with the U.S. Air Force in the Philippines; one stepdaughter, Mrs. Joan Caron of Thompson; four brothers, Frank of Manistique, Walter of Detroit, Stanley of Warren, Harry of Wayne and one grandchild.

Friends may call at the Messier-Broullire Funeral Home after 4 p.m. today and funeral services will be conducted at the funeral home at 11:30 a.m. Tuesday. The Rev. Robert Hartman will officiate and burial will be in Thompson Cemetery.

Briefly Told

Central, Fairview, Hiawatha and Doyle schools hot lunch menu for Tuesday will include taco dogs, shoestring potatoes, buttered peas, butterscotch pudding and orange juice.

State Police ticketed Donna Hare, Aberdeen, S. D. and John Russell III, Battle Creek for speeding on Friday.

Rudy Goupille of Negaunee reported to State Police on Friday the theft of 25 gallons of gas from his truck. Goupille said the gas was evidently siphoned while his truck was parked overnight near a gravel pit in Gernfask on Thursday.

The Manistique Area School Board will meet at the Hiawatha School on Tuesday night at 7:30 p.m.

Jayne Swartstrom, daughter of Mr. and Mrs. Harry Swartstrom, 135 River St., was named to the Dean's List at Western Michigan University for the past fall semester. Jayne is a junior at Western majoring in speech therapy.

Fire Doesn't
Stop Night Club

CHICAGO (AP) — Patrons of a
Dixieland nightclub on Chica-
go's near North Side continued to
drink their beer and sing
along with the band when fire
broke out in an apartment three
floors above them.

A few persons went outside to
watch the firemen work.

One resident was injured
slightly and an estimated
\$10,000 in damage was caused
by the fire early Sunday.

Water dripped through the
ceiling of the nightclub and
formed large pools on the floor,
but the band played on.

Moose Jam

ANCHORAGE, Alaska (AP) —
A series of car-moose colli-
sions delayed rush hour traffic
along the Glenn Highway east of
here Friday. No motorists were
hurt but three moose were
killed. A spokesman for the Fish
and Game Department said the
moose meat would be donated
to charity institutions.

Wayne's Supervisors To Act On Lesser Pay

DETROIT (AP) — The Wayne County Board of Supervisors meets Tuesday to act on its ways and means committee's suggestion that supervisors settle for salaries of \$4,000 a year.

And indications are that the majority will reach a compromise somewhere between the ways and means committee suggestion and the controversial figure of \$12,500 a year recommended by chairman Albert J. Zak.

A poll conducted by the Detroit Free Press among supervisors who voted for the \$4,000 recommendation showed that few were committed to the figure and most would be willing to reach a compromise.

The ways and means committee—consisting of all 26 members of the board—voted last

Thursday to recommend annual salaries limited to \$4,000 per year.

The recommendation followed a growing controversy in which the Detroit Junior Chamber of Commerce announced it would start a petition campaign aimed at recalling those supervisors who had initially voted in favor of Zak's proposed salary of \$12,500 for members and \$14,000 for the chairman, in addition to a fee of \$40 per meeting and other benefits.

Patient Waits For New Heart

ANN ARBOR (AP)—A patient at the University of Michigan hospital is waiting for the opportunity to become Michigan's third heart transplant patient.

Hospital officials say the man—whom they won't identify—has agreed to the operation as the only acceptable alternative to death.

So far however, no donor has been found.

Officials say the waiting man's situation is much the same as that of Donald L. Kaminski, the state's second transplant patient, who was sent home Friday, two months after the operation to give him a new heart.

The outer heart wall muscles have started to relax, and the patient's heart is several times its normal size. His condition worsens every day, although doctors say "he's not down to the wire yet."

Reject Millage

ROCHESTER (AP) — A 2.2-mill proposal which would have provided funds for a new junior high and two new elementary schools has been rejected by Rochester voters. This Oakland County community voted 2,651-1,967 against the proposal Saturday.

Lincoln made his Gettysburg address on Nov. 19, 1863.

Such Pile Relief She Can't Describe Says Mrs. H. Williams

Treatment Shrinks Piles, Relieves Pain In Most Cases

Louisville, Ky. Mrs. Hugh Williams of Louisville writes: "A good person recommended Preparation H to me and such help I can't describe. I don't know what in the world I'd do without it!"

(Note: Doctors have proved in most cases—Preparation H actually shrinks inflamed hemorrhoids. In case after case, the sufferer first notices prompt relief from pain, burning and itching. Then swelling is gently reduced. There's no other formula for the treatment of hemorrhoids like doctor-tested Preparation H. It also lubricates to make bowel movements more comfortable, soothes irritated tissues and helps prevent further infection. In ointment or suppository form.)

EYING Washington's social crown once held by Perle Mesta and Gwen Cafritz is Anna Chennault, according to reports out of the capital. Mrs. Chennault, right, widow of Gen. Claire Chennault of World War II "Flying Tiger" fame, is picked as the leading big party giver of the Nixon administration. Mrs. Mesta, upper left, was the original "hostess with the mostest" during the Truman administration and later minister to Luxembourg. Mrs. Cafritz, lower left, reigned during the Eisenhower years.

Charles McCahill Dies, Publisher

CLEVELAND, Ohio (AP) — Charles F. McCahill, former president of the American Newspaper Publishers Association, died Sunday in his Lake County home after a brief illness. He was 82.

McCahill retired Jan. 1, 1961, after 46 years in the newspaper field, 31 of them in Cleveland. He was senior vice president of Forest City Publishing Co., publishers of the Cleveland Plain Dealer, before he retired.

EVERYDAY TENSION? SLEEPLESS NIGHTS?

Are you edgy and always having to be "understood" by even your friends?

Well, when simple nervous tension is bothering you and causing sleepless nights you should either try B.T. TABLETS or see your doctor, or both.

B.T. TABLETS have tested ingredients which will help you overcome simple nervous tension and sleep better at night.

Your druggist has help for you in safe—nonhabit forming—B.T. TABLETS, others are enjoying the relief B.T. TABLETS can give, so why wait another day? There's a money back guarantee—so do you have anything to lose?—Yes, tension and sleepless nights. Only \$1.50 at your favorite drug store.
